

§ 63-20. Qualifications of operator; federal license.

The public safety requiring, and the advantages of uniform regulation making it desirable, in the interest of aeronautical progress, that a person engaging within this State in operating aircraft, in any form of aerial navigation for which a license to operate aircraft issued by the United States government would then be required if such aerial navigation were interstate, should have the qualifications necessary for obtaining and holding such a license, it shall be unlawful for any person to engage in operating aircraft within the State, in any such form of aerial navigation, unless he have such federal license.
