6	"§ 160D-1207. Periodic inspections.
7	(a) Except as provided in subsection (b) of this section, the inspection department may
8	make periodic inspections only when there is reasonable cause to believe that unsafe, unsanitary,
9	or otherwise hazardous or unlawful conditions may exist in a residential building or structure.
10	However, when the inspection department determines that a safety hazard exists in one of the
11	dwelling units within a multifamily building, which in the opinion of the inspector poses an
12	immediate threat to the occupant, the inspection department may inspect, in the absence of a
13	specific complaint and actual knowledge of the unsafe condition, additional dwelling units in the
14	multifamily building to determine if that same safety hazard exists. For purposes of this section,
15	the term "reasonable cause" means any of the following: (i) the landlord or owner has a history
16	of more than two verified violations of the housing ordinances or codes within a 12-month period,

18	been a request that the building be inspected, (iii) the inspection department has actual knowledge
19	of an unsafe condition within the building, or (iv) violations of the local ordinances or codes are
20	visible from the outside of the property. In conducting inspections authorized under this section,
21	the inspection department shall not discriminate between single-family and multifamily buildings
22	or between owner-occupied and tenant-occupied buildings. In exercising this power, members
23	of the department shall have a right to enter on any premises within the jurisdiction of the
24	department at all reasonable hours for the purposes of inspection or other enforcement action,
25	upon presentation of proper credentials. Nothing in this section shall be construed to prohibit
26	periodic inspections in accordance with State fire prevention code or as otherwise required by
27	State law.
28	(b) A local government may require periodic inspections as part of a targeted effort to
29	respond to blighted or potentially blighted conditions within a geographic area that has been
30	designated by the governing board. However, the total aggregate of targeted areas in the local
31	government jurisdiction at any one time shall not be greater than 1 square mile or five percent
