ACTUARIAL IMPACT SUMMARY

House Bill 152 (First Edition) defines transcranial magnetic stimulation (TMS) and mandates that health benefit plans that cover TMS must cover TMS when performed by any properly licensed healthcare provider or facility. This requirement is then also applied to the State Health Plan (Plan). The bill provides that an insurer may not penalize a provider or facility that properly submits a claim for these procedures based on the medical specialty of the provider or facility. The Plan’s current coverage policies already meet this mandate. Furthermore, recent Plan claims data for TMS includes several non-physician providers that were paid at a similar rate as a physician.

Segal Consulting, the consulting actuary for the Plan, and Hartman & Associates, the consulting actuary for the General Assembly, both estimate that the bill will have no financial impact on the Plan.

ASSUMPTIONS AND METHODOLOGY

The actuarial analyses used by each respective consulting actuary are on file with the Fiscal Research Division. Copies of each respective consulting actuary's analysis, including assumptions, are also attached to the original copy of this Legislative Actuarial note.

Summary Information and Data about the State Health Plan (Plan)

The Plan administers health benefit coverage for active employees from employing units of State agencies and departments, universities, local public schools, and local community colleges. Eligible retired employees of authorized employing units may also access health benefit coverage under the Plan. Eligible dependents of active and retired employees are authorized to participate in the Plan provided they meet certain requirements. Employees and retired employees of selected local governments and charter schools may also participate in the Plan under certain conditions.

The State finances the Plan on a self-funded basis and administers benefit coverage under a Preferred Provider Option (PPO) arrangement, with the exception of many Medicare-eligible retirees who are in fully-insured Medicare Advantage plans. The Plan's receipts are derived through premium contributions, investment earnings and other receipts. Premiums for health benefit coverage are paid by (1) employing agencies for active employees, (2) the Retiree Health Benefit Fund for retired employees, and (3) employees and retirees who participate in a plan with a non-zero premium or who elect dependent coverage. Benefit and premium changes are typically effective on January 1. The Plan's PPO benefit design includes two alternative benefit levels listed below:

- 1) The 70/30 Plan that offers higher out-of-pocket requirements in return for lower employee and retiree premiums, and
- 2) The 80/20 Plan that offers lower out-of-pocket requirements with higher employee and retiree premiums.

Medicare-eligible retirees are offered three alternative plans:

- 1) The 70/30 Plan as coverage secondary to Medicare for medical services plus a pharmacy benefit plan,
- 2) "Base" Medicare Advantage Prescription Drug Plan (MA-PDP) from Humana, that applies in-network out-of-pocket requirements at out-of-network providers
- 3) "Enhanced" MA-PDP, identical to the "Base" MA-PDP, except with lower co-pays and higher retiree premiums

The following tables provide a summary of the most common monthly premium rates for the Plan in 2025:

Active Employees and Non-Medicare Retirees (if Fully Subsidized)

	Employer Share		Employee/Retiree Share	
	Active	Retiree	Complete Tobacco Attestation	Do Not Complete Attestation
70/30 Plan	\$675	\$452	\$25 *	\$85 *
80/20 Plan	\$675	\$452	\$50	\$110

* \$0 for Non-Medicare Retirees

Medicare Retirees (if Fully Subsidized)

Medicare Advantage Plans

	Employer Share	Employee/Retiree Share
MA-PDP Base Plan	\$534	\$0
MA-PDP Enhanced Plan	\$534	\$67

Alternate Plan

	Employer Share	Employee/Retiree Share
Traditional 70/30 Plan	\$452	\$0

Dependents (paid by employee/retiree in addition to premiums above)

	All Dependents are Non-Medicare		One or More Medicare Dependents		
	70/30 Plan	80/20 Plan	MA-PDP Base	MA-PDP Enhanced	70/30 Plan
Employee/Retiree + Children	\$193	\$255	\$37	\$100	\$155
Employee/Retiree + Spouse	\$565	\$650	\$37	\$100	\$425
Employee/Retiree + Family	\$573	\$670	\$74	\$200	\$444

The employer share of premiums for retirees is paid from the Retiree Health Benefit Fund. During FY 2024-25, employers contribute 6.99% of active employee payroll into the Fund. Total contributions for the year are projected to be approximately \$1.5 billion.

Financial Condition

Projected Results for CY 2025 and CY 2026 – The following summarizes projected financial results for 2025 and 2026, based on financial experience through September 2024. The projection assumes an annual claims growth trend for medical claims of 6.0%, a trend for pharmacy claims of 9.5%, a 7.0% trend for pharmacy rebates, benefit provisions and member-paid premiums as adopted by the Board for 2025, 4% blended employer premium increases in FY 2025-26, and a \$126 per month premium for the Base MA Plan in CY 2026.

	(\$ millions)	
	Projected CY 2025	Projected CY 2026
Beginning Cash Balance	\$655.6	\$477.3
Receipts:		
Net Premium Collections	\$4,469.1	\$4,635.8
Medicare Subsidies	\$8.7	\$8.1
Investment Earnings	\$18.1	\$6.5
Total	\$4,495.9	\$4,650.4
Disbursements:		
Net Medical Claim Payment Expenses	\$3,369.6	\$3,546.0
Net Pharmacy Claim Payment Expenses	\$1,012.5	\$1,095.0
Medicare Advantage Premiums	\$90.8	\$312.1
Administration and Claims-Processing Expenses	\$201.3	\$181.6
Total	\$4,674.2	\$5,134.6
Net Operating Income (Loss)	(\$178.3)	(\$484.2)

Of the premiums paid in CY 2025, an estimated \$3.0 billion is derived from General Fund sources and an estimated \$0.1 billion is derived from Highway Fund sources.

Other Post Employment Benefit (OPEB) Liability

As of June 30, 2024, the State and related units of government had a Total OPEB Liability of \$37.7 billion and Plan Fiduciary Net Position (Assets) of \$3.7 billion, for a Net OPEB Liability of \$34.0 billion. Actual contributions for the year ending June 30 were \$1,484 million, far less than the actuarially determined contributions of \$2,653 million.

Other Information

Additional assumptions include Medicare benefit “carve-outs,” cost containment strategies including prior approval for certain medical services, utilization of the State Health Plan Network of providers, case and disease management for selected medical conditions, mental health case management, coordination of benefits with other payers, a prescription drug benefit manager with manufacturer rebates from formularies, fraud detection, and other authorized actions by the State Treasurer, Executive Administrator, and Board of Trustees to manage the Plan to maintain and improve the Plan's operation and financial condition where possible. Medical claim costs are expected to increase at a rate of 6% annually and pharmacy claim costs are expected to increase at a rate of 9.5% annually according to assumptions adopted by the Board of Trustees. The active population is projected to decrease by 0.3% per year, the pre-Medicare retiree population is projected to decrease by 2.5% per year and the Medicare-eligible retiree population is projected to increase by 3% per year.

DATA SOURCES

Segal Consulting; baseline financial projections updated through Q3 CY2024; dated December 13, 2024. Filename "CY24 Q3 - Baseline.pdf"

-Actuarial Note, Hartman & Associates, "House Bill 939: Access to Transcranial Magnetic Stimulation", May 18, 2024, original of which is on file in the General Assembly's Fiscal Research Division.

-Actuarial Note, Segal Consulting, House Bill 939, "Fair Reimbursement of Transcranial Magnetic Stimulation", May 16, 2024, original of which is on file with the State Health Plan for Teachers and State Employees and the General Assembly's Fiscal Research Division.

The provisions of House Bill 939 from the 2023-2024 Session were essentially identical to the provisions of House Bill 152 (First Edition). Plan staff confirmed that the Plan's coverage policies continue to meet the requirements of the bill under Aetna, the Plan's new third party administrator starting in 2025.

LEGISLATIVE ACTUARIAL NOTE – PURPOSE AND LIMITATIONS

This document is an official actuarial analysis prepared pursuant to Chapter 120 of the General Statutes and rules adopted by the Senate and House of Representatives. The estimates in this analysis are based on the data, assumptions, and methodology described above. This document only addresses sections of the bill that have projected direct actuarial impacts on State employee health benefit programs and does not address sections that have no projected actuarial impacts.

CONTACT INFORMATION

Questions on this analysis should be directed to the Fiscal Research Division at (919) 733-4910.
