assessment ratios shall be used. If property has been revalued the year of the
most recent sales assessment ratio study, the sales assessment ratio for the
year of revaluation shall be used.

SECTION 7.3.(c) Eligibility for Funds. – Except as provided in subsection (g) of
this section, the State Board of Education shall allocate these funds to local school
administrative units located in whole or in part in counties in which the county wealth as a
percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.3.(d) Allocation of Funds. – Except as provided in subsection (f) of
this section, the amount received per average daily membership for a county shall be the
difference between the State average current expense appropriations per student and the current
expense appropriations per student that the county could provide given the county's wealth and an
average effort to fund public schools. To derive the current expense appropriations per
student that the county could be able to provide given the county's wealth and an average effort
to fund public schools, multiply the county's wealth as a percentage of State average wealth by
the State average current expense appropriations per student. The funds for the local school

funding.

SECTION 7.3.(e) Formula for Distribution of Supplemental Funding Pursuant to
This Section Only. – The formula in this section is solely a basis for distribution of
supplemental funding for low-wealth counties and is not intended to reflect any measure of the
adequacy of the educational program or funding for public schools. The formula is also not
intended to reflect any commitment by the General Assembly to appropriate any additional
supplemental funds for low-wealth counties.

SECTION 7.3.(f) Minimum Effort Required. – A county shall receive full funding
under this section if the county (i) maintains an effective county tax rate that is at least one
hundred percent (100%) of the effective State average tax rate in the most recent year for which
data are available or (ii) maintains a county appropriation per student to the school local current
expense fund of at least one hundred percent (100%) of the current expense appropriations per
student to the school local current expense fund that the county could provide given the county's wealth and an average effort to fund public schools. A county that maintains a county
appropriation per student to the school local current expense fund of less than one hundred percent (100%) of the current expense appropriations per student to the school local current
expense fund that the county could provide given the county's wealth and an average effort to
fund public schools shall receive funding under this section at the same percentage that the
county's appropriation per student to the school local current expense fund is of the current
expense appropriations per student to the school local current expense fund that the county
could provide given the county's wealth and an average effort to fund public schools.

SECTION 7.3.(g) Nonsupplant Requirement. – A county in which a local school
administrative unit receives funds under this section shall use the funds to supplement local
current expense funds and shall not supplant local current expense funds. For the 2017-2019
fiscal biennium, the State Board of Education shall not allocate funds under this section to a
county found to have used these funds to supplant local per student current expense funds. The
State Board of Education shall make a finding that a county has used these funds to supplant
local current expense funds in the prior year, or the year for which the most recent data are
available, if all of the following criteria apply:
The current expense appropriations per student of the county for the current year is less than ninety-five percent (95%) of the average of local current expense appropriations per student for the three prior fiscal years.

The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 7.3.(h) Counties Containing a Base of the Armed Forces. – Notwithstanding any other provision of this section, for the 2017-2019 fiscal biennium, counties containing a base of the Armed Forces of the United States that have an average daily membership of more than 23,000 students shall receive the same amount of supplemental funding for low-wealth counties as received in the 2012-2013 fiscal year.

SECTION 7.3.(i) Funds for EVAAS Data. – Notwithstanding the requirements of subsection (a) of this section, local school administrative units may utilize funds allocated under this section to purchase services that allow for extraction of data from the Education Value-Added Assessment System (EVAAS).

SECTION 7.3.(j) Reports. – For the 2017-2019 fiscal biennium, the State Board of Education shall report to the Fiscal Research Division prior to May 15 of each year if it determines that counties have supplanted funds.

SECTION 7.3.(k) Department of Revenue Reports. – The Department of Revenue shall provide to the Department of Public Instruction a preliminary report for the current fiscal year of the assessed value of the property tax base for each county prior to March 1 of each year and a final report prior to May 1 of each year. The reports shall include for each county the annual sales assessment ratio and the taxable values of (i) total real property, (ii) the portion of total real property represented by the present-use value of agricultural land, horticultural land, and forestland, as defined in G.S. 105-277.2, (iii) property of public service companies determined in accordance with Article 23 of Chapter 105 of the General Statutes, and (iv) personal property.

2016-2017 in any fiscal year. A local school administrative unit shall not become ineligible for funding if either the highest of the first two months total projected average daily membership for the current year or the higher of the first two months total prior year average daily membership would otherwise have made the unit eligible for funds under the schedule in subsection (a) of this section.

SECTION 7.4.(c) Phase-Out Provision for the 2018-2019 Fiscal Year. – If a local school administrative unit becomes ineligible for funding under the schedule in subsection (a) of this section in the 2018-2019 fiscal year, funding for that unit shall be phased out over a five-year period. Funding for such local school administrative units shall be reduced in equal increments in each of the five years after the unit becomes ineligible. Funding shall be eliminated in the fifth fiscal year after the local administrative unit becomes ineligible.

Allotments for eligible local school administrative units under this subsection shall not be reduced by more than twenty percent (20%) of the amount received in fiscal year 2017-2018 in any fiscal year. A local school administrative unit shall not become ineligible for funding if either the highest of the first two months total projected average daily membership for the current year or the higher of the first two months total prior year average daily membership would otherwise have made the unit eligible for funds under the schedule in subsection (a) of this section.

SECTION 7.4.(d) Nonsupplant Requirement for the 2017-2019 Fiscal Biennium. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2017-2019 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year or the year for which the most recent data are available, if all of the following criteria apply:

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

SECTION 7.4.(e) Reports. – For the 2017-2019 fiscal biennium, the State Board of Education shall report to the Fiscal Research Division prior to May 15 of each fiscal year if it determines that counties have supplanted funds.

SECTION 7.4.(f) Use of Funds. – Local boards of education are encouraged to use at least twenty percent (20%) of the funds they receive pursuant to this section to improve the academic performance of children who are performing at Level I or II on either reading or mathematics end-of-grade tests in grades three through eight.

This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

SECTION 7.5.(b) Disadvantaged student supplemental funding (DSSF) shall be allotted to a local school administrative unit based on (i) the unit’s eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

COOPERATIVE INNOVATIVE HIGH SCHOOL FUNDING CHANGES

SECTION 7.22.(a) Legislative Findings. – The General Assembly finds the following in regard to the State's long-term, ongoing investment in providing high school students with opportunities to obtain postsecondary credit and career credentials at no cost to the student in order to maximize cost savings to students in obtaining a postsecondary education:

(1) Dual enrollment opportunities for high school students have been available in the State for many years but began to significantly grow in the early- to mid-2000s as a result of the General Assembly's enactment of the Innovative Education Initiatives Act and the establishment of the cooperative innovative high school program pursuant to Part 9 of Article 16 of Chapter 115C of the General Statutes. This act demonstrated the State's commitment in prioritizing cooperative efforts between secondary schools and institutions of higher education so as to reduce the high school dropout rate, increase high school and college graduation rates, decrease the need for remediation in institutions of higher education, and raise certificate, associate, and bachelor degree completion rates.

(2) To ensure continued efficiency in the investment of State funds to provide postsecondary dual enrollment programs for high school students, the General Assembly directed the State Board of Education and the State Board of Community Colleges to jointly establish the Career and College Promise Program pursuant to Section 7.1A of S.L. 2011-145, effective January 1,
2012, to consolidate existing cooperative efforts between secondary schools and institutions of higher education by providing (i) for specific pathways for obtaining college credit that is transferable to community colleges and institutions of higher education, (ii) for college credit leading to a subject-area certificate, diploma, or degree, and (iii) through enrollment at a cooperative innovative high school, enabling students to concurrently obtain a high school diploma and to begin or complete an associate degree program, master a certificate or vocational program, or earn up to two years of college credit within five years.

(3) The recent growth in the establishment of cooperative innovative high school programs has resulted in a steady increase in full-time equivalent (FTE) student enrollment at community colleges due to the maturation of those programs, including an increase of one hundred forty percent (140%) in FTE enrollment for these students between 2008-2009 and 2013-2014.

(4) The implementation of other Career and College Promise pathways enabling certain traditional high school students to concurrently enroll in postsecondary courses leading to a defined academic goal has also resulted in a recent rise in student enrollment at community colleges with a thirty percent (30%) increase in the College Transfer pathway and a twenty-one percent (21%) increase in the Career and Technical Education pathway between 2012-2013 and 2013-2014.

(5) For the 2013-2014 academic year, the General Assembly appropriated fifty-seven million dollars ($57,000,000) in State funds to cover community college FTE for 11,389 students during the first year of full implementation of the Career and College Promise Program.

(6) For the 2015-2016 fiscal year, the General Assembly appropriated the following amounts to cover the cost of cooperative innovative high schools and other Career and College Promise programs as follows:

a. For the cooperative innovative high school allotment, the sum of twenty-five million four hundred eighty-eight thousand seven hundred twenty-five dollars ($25,488,725).

b. For community college FTE for the following:

1. For students enrolled in cooperative innovative high schools, the sum of forty-two million two hundred ninety-three thousand five hundred seven dollars ($42,291,386).

2. For students enrolled in courses that count toward the College Transfer pathway, the sum of twenty-one million three hundred forty-three thousand five hundred seven dollars ($21,343,507).

3. For students enrolled in courses that count toward the Career and Technical Education pathway, the sum of twenty-one million seven hundred eighty thousand nine hundred thirty-two dollars ($21,708,932).

c. For the reimbursement of tuition for constituent institutions of the University of North Carolina as a partner institution of higher education to a cooperative innovative high school, the sum of one million nine hundred forty-five thousand two hundred one dollars ($1,945,201).

d. For the reimbursement of tuition for private colleges located in North Carolina that are a partner institution of higher education to a
cooperative innovative high school, the sum of four hundred fifty-seven thousand six hundred thirty-nine dollars ($457,639).

(7) Since considerable State funds have been appropriated on an ongoing basis to cover the cost of high school student enrollment at community colleges, constituent institutions, and approved private colleges pursuant to G.S. 115C-238.54 and G.S. 115D-5(b)(12) as part of the Career and College Promise programs, it is necessary to examine the total cost of these programs and prioritize the appropriation of State funds to achieve the General Assembly's goal of maximizing cost savings to students in obtaining a postsecondary education. This includes reducing funds allocated for the cooperative innovative high school allotment for local school administrative units with established programs and new programs in areas of the State with significant resources to support those schools and to more effectively utilize these funds in supporting and establishing cooperative innovative high schools in economically distressed areas of the State.

SECTION 7.22.(b) Study. – In accordance with the legislative finding set forth in subdivision (7) of subsection (a) of this section, by February 15, 2018, the State Board of Community Colleges, the Board of Governors of The University of North Carolina, and the State Board of Education shall study and report to the Senate Appropriations Committee on Education/Higher Education, the House Appropriations Committee on Education, the Fiscal Research Division, and the Joint Legislative Education Oversight Committee on the costs associated with the Career and College Promise Program, including operation of cooperative innovative high schools and the cost of concurrent enrollment in the high school and the institution of higher education, student outcomes related to the Program, and any legislative recommendations on modifications to the administration and funding for the Program, including the use of State funds for the planning and establishment of new cooperative innovative high schools in economically distressed areas of the State. Legislative recommendations shall also specifically address the use of the funds for the cooperative innovative high school allotment, whether the allotment is necessary for the operation of the schools, and how modification or discontinuation of the allotment would impact the programs.

SECTION 7.22.(c) Established Cooperative Innovative High Schools Located in Tier III Areas. – For the 2017-2018 fiscal year, notwithstanding G.S. 115C-238.54 and any other provision of law to the contrary, for a cooperative innovative high school that, as of July 1, 2017, (i) was approved under G.S. 115C-238.51A(c), (ii) has received a cooperative innovative high school allotment for at least three of the prior fiscal years, and (iii) is located in a development tier three area as defined in G.S. 143B-437.08, the cooperative innovative high school allotment amount established by the Department of Public Instruction for the 2017-2018 fiscal year shall be reduced by twenty-five percent (25%). For the 2018-2019 fiscal year and subsequent fiscal years, these same schools shall receive a fifty percent (50%) reduction of the cooperative innovative high school allotment amount established by the Department of Public Instruction for each fiscal year in which the allotment is allocated to local school administrative units for approved cooperative innovative high schools. For the 2017-2019 fiscal biennium, these schools shall continue to receive additional State funds for community college FTE and tuition reimbursement for institutions of higher education, as applicable.

SECTION 7.22.(d) Certain New Cooperative Innovative High Schools Located in Tier I Areas. – Of the funds made available to the Department of Public Instruction for the 2017-2019 fiscal biennium from the reduction in the cooperative innovative high school allotment for certain schools in accordance with subsection (c) of this section, the Department shall allocate the sum of three hundred sixteen thousand six hundred forty-six dollars ($316,646) in each fiscal year to Northampton County Schools for the Northampton County

SECTION 7.22.(e) Other New Cooperative Innovative High Schools Located in Tier I Areas. – For the 2017-2019 fiscal biennium, the Department of Public Instruction shall allocate funds to local school administrative units located in a development tier one area as defined in G.S. 143B-437.08 as of July 1, 2017, with a cooperative innovative high school that (i) was approved by the State Board of Education under G.S. 115C-238.51A(c) and (ii) did not receive cooperative innovative high school allotment funds in a prior fiscal year as follows:

(1) For the 2017-2018 fiscal year, any of the remaining funds available after the Department allocates funds to the local school administrative units as required by subsection (d) of this section shall be allocated in equal amounts by the Department to local school administrative units for each eligible cooperative innovative high school located in the unit.

(2) For the 2018-2019 fiscal year, any of the remaining funds available after the Department allocates funds to the local school administrative units as required by subsection (d) of this section shall be allocated in equal amounts of up to three hundred sixteen thousand six hundred forty-six dollars ($316,646) to local school administrative units for each eligible cooperative innovative high school located in the unit.

SECTION 7.22.(f) Reporting Requirement on the Career and College Promise Programs. – G.S. 115D-5 is amended by adding a new subsection to read:

"(x) In addition to the evaluation of cooperative innovative high schools by the State Board of Education pursuant to G.S. 115C-238.55, the State Board of Community Colleges, in conjunction with the State Board of Education and the Board of Governors of The University of North Carolina, shall evaluate the success of students participating in the Career and College Promise Program, including the College Transfer pathway and the Career and Technical Education pathway. Success shall be measured by high school retention rates, high school completion rates, high school dropout rates, certification and associate degree completion, admission to four-year institutions, postgraduation employment in career or study-related fields, and employer satisfaction of employees who participated in the programs. development of mobile software applications.

SECTION 7.23.(c) Selection of Recipients. – In selecting recipients for the
Program, the Superintendent of Public Instruction shall consider diversity among the pool of
applicants, including geographic location, the positive impact on the community of industry
partnerships, and the size of the student population served by the recipient, in order to award
funds to the extent possible to grant recipients that represent different characteristics of the
State. The Superintendent of Public Instruction shall select initial grant recipients by November
15, 2017, to begin implementation of the partnership initiatives under the Program as early as
the spring semester of the 2017-2018 school year. For subsequent fiscal years in which funds

The Project shall be operated and administered for students in grades six through 11 in the following local school administrative units: Mitchell County Schools, Pitt County Schools, Wayne County Schools, and Winston-Salem/Forsyth County Schools. These contract funds shall not be used for any purpose other than to implement the Project in the local school administrative units, which consists of traveling three-dimensional, interactive, holistic, and evidence-based multimedia education in-school programs. The Project includes theme-specific programs screened as school assemblies and additional follow-up applications that address dangerous life and community threatening activities that negatively impact teenagers, including alcohol and other drugs, dangerous driving, violence, and bullying. The goal of these programs is to increase positive intentions and behavioral outcomes by teaching students the techniques and skills that empower them to reach meaningful life goals, employ positive behaviors, and start businesses and social enterprises.

SECTION 7.25.(b) The Children and Parent Resource Group, Inc., in consultation with the Department of Public Instruction, shall submit an initial report on the Project authorized by subsection (a) of this section by March 1, 2018, and a final report by March 1, 2019, to the Joint Legislative Education Oversight Committee and the Fiscal Research
Division. The report shall include an accounting of expenditures and student outcome data related to the operation of the Project.

SCHOOL PERFORMANCE GRADES/ESSA COMPLIANCE

SECTION 7.26.(a) G.S. 115C-12(9)c1. reads as rewritten:

"c1. To issue an annual "report card" for the State and for each local school administrative unit, assessing each unit's efforts to improve student performance based on the growth in performance of the students in each school and taking into account progress over the previous years' level of performance and the State's performance in comparison with other states. This assessment shall take into account factors that have been shown to affect student performance and that the State Board considers relevant to assess the State's efforts to improve student performance. As a part of the annual "report card" for each local school administrative unit, it shall include the following:

1. The State Board shall award, in accordance with G.S. 115C-83.15, an overall numerical school achievement, growth, and performance score on a scale of zero to 100 and a corresponding performance letter grade of A, B, C, D, or F earned by each school within the local school administrative unit. The school performance score and grade shall reflect student performance on annual subject-specific assessments, college and workplace readiness measures, and graduation rates, promotion rates, and student progress in achieving English language proficiency. In addition, the State Board shall award separate performance scores and grades for the following:

   I. School performance of certain subgroups of students as provided in G.S. 115C-83.15.

   II. For schools serving students in any grade from kindergarten to eighth grade, separate performance scores and grades shall also be awarded based on the school performance in reading and mathematics respectively.

2. The annual "report card" for schools serving students in third grade also shall include the number and percentage of third grade students who (i) take and pass the alternative assessment of reading comprehension; (ii) were retained in third grade for not demonstrating reading proficiency as indicated in G.S. 115C-83.7(a); and (iii) were exempt from mandatory third grade retention by category of exemption as listed in G.S. 115C-83.7(b).

3. The annual "report card" for high schools shall also include schools, measures of Advanced Placement course participation and International Baccalaureate Diploma Programme participation and Advanced Placement and International Baccalaureate examination participation and performance."

SECTION 7.26.(b) G.S. 115C-47(58) reads as rewritten:
"(58) To Inform the Public About the North Carolina School Report Cards Issued by the State Board of Education. – Each local board of education shall ensure that the report card issued for it by the State Board of Education receives wide distribution to the local press or is otherwise provided to the public. Each local board of education shall ensure that the overall school performance score and grade earned by each school in the local school administrative unit for the current and previous four school years is prominently displayed on the Web site of the local school administrative unit. If any school in the local school administrative unit is awarded an overall school performance grade of D or F, the local board of education shall provide notice of the grade in writing to the parent or guardian of all students enrolled in that school."

SECTION 7.26.(e) G.S. 115C-83.15 reads as rewritten:

"§ 115C-83.15. School achievement, growth, performance scores, and grades.

(a) School Scores and Grades. – The State Board of Education shall award school achievement, growth, and performance scores and an associated performance grade as required by G.S. 115C-12(9)c1., and calculated as provided in this section. The State Board of Education shall enter all necessary data into the Education Value-Added Assessment System (EVAAS) in order to calculate school performance scores and grades.

(b) Calculation of the School Achievement Score. Score as a Measure of Academic Achievement. – In calculating the overall school achievement score earned by schools, the State Board of Education shall total the sum of points earned by a school as follows:

(1) For schools serving any students in kindergarten through eighth grade, the State Board shall assign points on all of the following indicators that are measured for that school:

(a) One point for each percent of students who score at or above proficient on annual assessments for mathematics in grades three through eight.

(b) One point for each percent of students who score at or above proficient on annual assessments for reading in grades three through eight.

(c) One point for each percent of students who score at or above proficient on annual assessments for science in grades five and eight.

(d) One point for each percent of students who progress in achieving English language proficiency on annual assessments in grades three through eight.

(e) One point for each percent of students who are promoted from the third grade to the fourth grade within four years of a student entering kindergarten.

(f) One point for each percent of students who are promoted from the eighth grade to the ninth grade within three years of a student entering sixth grade.

(2) For schools serving any students in ninth through 12th grade, the State Board shall assign points on all of the following indicators that are measured for that school:

(a) One point for each percent of students who score at or above proficient on the Algebra I or Integrated Math I end-of-course test.

(b) One point for each percent of students who score at or above proficient on the English II end-of-course test.
(6)c. One point for each percent of students who score at or above proficient on the Biology end-of-course test.

(7)d. One point for each percent of students who complete Algebra II or Integrated Math III with a passing grade.

(8)e. One point for each percent of students who achieve the minimum score required for admission into a constituent institution of The University of North Carolina on a nationally normed test of college readiness.

(9)f. One point for each percent of students enrolled in Career and Technical Education courses who meet the standard when scoring at Silver, Gold, or Platinum levels on a nationally normed test of workplace readiness.

(10)g. One point for each percent of students who graduate within four years of entering high school.

h. One point for each percent of students who progress in achieving English language proficiency.

In calculating the overall school achievement score earned by schools, the State Board of Education shall (i) use a composite approach to weigh the achievement elements based on the number of students measured by any given achievement element and (ii) proportionally adjust the scale to account for the absence of a school achievement element for award of scores to a school that does not have a measure of one of the school achievement elements annually assessed for the grades taught at that school. The overall school achievement score shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(c) Calculation of the School Growth Score: Score as a Measure of School Quality and Student Success. – Using EVAAS, the State Board shall calculate the overall growth score earned by schools as a measure of school quality and student success. In calculating the total growth score earned by schools, the State Board of Education shall weight student growth on the achievement indicators as provided in subsection (b) of this section that have available growth values. The numerical values used to determine whether a school has met, exceeded, or has not met expected growth shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(d) Calculation of the Overall School Performance Scores and Grades. – The State Board of Education shall use EVAAS to calculate the overall school performance score by adding the school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, earned by a school. The school achievement score shall account for eighty percent (80%), and the school growth score shall account for twenty percent (20%) of the total sum. If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade. For all schools, the total school performance score shall be converted to a 100-point scale and used to determine an overall school performance grade based on the following scale:

(1) A school performance score of at least 90 is equivalent to an overall school performance grade of A.

(2) A school performance score of at least 80 is equivalent to an overall school performance grade of B.

(3) A school performance score of at least 70 is equivalent to an overall school performance grade of C.
(4) A school performance score of at least 60 is equivalent to an overall school performance grade of D.

(5) A school performance score of less than 60 points is equivalent to an overall school performance grade of F.

(d1) Calculation of the School Performance Scores and Grades for Certain Subgroups of Students Served by a School. – In addition to the overall school performance scores and grades awarded under this section, for each school that serves a minimum number of students in a subgroup of students listed in this subsection, the State Board of Education shall use EVAAS to calculate school performance scores and shall determine a corresponding school performance grade for each subgroup using the same method as set forth in subsection (d) of this section.

School performance scores for subgroups of students shall not be included in the calculation of the overall school performance scores and grades under subsection (d) of this section.

The State Board shall establish the minimum number of students in a subgroup served by a school that is necessary to disaggregate information on student performance and to determine a school performance grade for that subgroup. The school performance scores and grades shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8 for the following subgroups of students:

(1) Economically disadvantaged students.

(2) Students from major racial and ethnic groups.

(3) Children with disabilities.

(4) English learners.

(e) Elementary and Middle School Reading and Math Achievement Scores. – For schools serving students in kindergarten through eighth grade, the school achievement scores in reading and mathematics, respectively, shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(f) Indication of Growth. – In addition to awarding the overall school scores for achievement, growth, and performance and the performance grade, using EVAAS, the State Board shall designate that a school has met, exceeded, or has not met expected growth. The designation of student growth shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(g) Access to Annual Report Card Information on the Department’s Web Site. – Beginning with data collected in the 2017-2018 school year, the State Board of Education shall provide user-friendly access to the public on the annual report cards issued for local school administrative units and individual schools pursuant to G.S. 115C-12(9)c1. through the Department of Public Instruction’s Web site. The information provided for the annual report card shall be designed and organized to provide at least the following:

(1) A summary for each local school administrative unit and for each individual school of the school performance grades, whether the school has met, exceeded, or has not met expected growth, and any other information required to be provided as part of the annual report card.

(2) The percentage of schools receiving an overall school performance letter grade of A, B, C, D, or F earned by each school located within a local school administrative unit and statewide.

(3) The number of schools that have met, exceeded, or have not met expected growth by each school located within a local school administrative unit and statewide.

(4) A Web page for each individual school that prominently displays the school’s performance grades, whether the school has met, exceeded, or has not met expected growth, and the school’s performance and growth scores in a way that is easy for the user to read.
The ability to easily compare annual report card information, including school performance grades and whether schools have met, exceeded, or have not met expected growth, for local school administrative units and for individual schools for a time span of at least three years."

**SCHOOL BOARDS CAN'T SUE COUNTIES**

**SECTION 7.30.(a)** G.S. 115C-431 reads as rewritten:

"§ 115C-431. Procedure for resolution of dispute between board of education and board of county commissioners.

(a) If the board of education determines that the amount of money appropriated to the local current expense fund, or the capital outlay fund, or both, by the board of county commissioners is not sufficient to support a system of free public schools, the chairman of the board of education and the chairman of the board of county commissioners shall arrange a joint meeting of the two boards to be held within seven days after the day of the county commissioners' decision on the school appropriations.

Prior to the joint meeting, the Senior Resident Superior Court Judge shall appoint a mediator unless the boards agree to jointly select a mediator. The mediator shall preside at the joint meeting and shall act as a neutral facilitator of disclosures of factual information, statements of positions and contentions, and efforts to negotiate an agreement settling the boards' differences.

At the joint meeting, the entire school budget shall be considered carefully and judiciously, and the two boards shall make a good-faith attempt to resolve the differences that have arisen between them.

(b) If no agreement is reached at the joint meeting of the two boards, the mediator shall, at the request of either board, commence a mediation immediately or within a reasonable period of time. The mediation shall be held in accordance with rules and standards of conduct adopted under Chapter 7A of the General Statutes governing mediated settlement conferences but modified as appropriate and suitable to the resolution of the particular issues in disagreement. The decision of the county commissioners is final. The local board of education shall not file any legal action challenging the sufficiency of the funds appropriated by the board of county commissioners to the local current expense fund, the capital outlay fund, or both.

Unless otherwise agreed upon by both boards, the following individuals shall constitute the two working groups empowered to represent their respective boards during the mediation:

1. The chair of each board or the chair's designee;
2. The superintendent of the local school administrative unit and the county manager or either's designee;
3. The finance officer of each board; and
4. The attorney for each board.

Members of both boards, their chairs, and representatives shall cooperate with and respond to all reasonable requests of the mediator to participate in the mediation. Notwithstanding...
Article 33C of Chapter 143 of the General Statutes, the mediation proceedings involving the two working groups shall be conducted in private. Evidence of statements made and conduct occurring in a mediation are not subject to discovery and are inadmissible in any court action. However, no evidence otherwise discoverable is inadmissible merely because it is presented or discussed in a mediation. The mediator shall not be compelled to testify or produce evidence concerning statements made and conduct occurring in a mediation in any civil proceeding for any purpose, except disciplinary hearings before the State Bar or any agency established to enforce standards of conduct for mediators. Reports by members of either working group to their respective boards shall be made in compliance with Article 33C of Chapter 143 of the General Statutes.

Unless both boards agree otherwise, or unless the boards have already resolved their dispute, the mediation shall end no later than August 1. The mediator shall have the authority to determine that an impasse exists and to discontinue the mediation. The mediation may continue beyond August 1 provided both boards agree. If both boards agree to continue the mediation beyond August 1, the board of county commissioners shall appropriate to the local school administrative unit for deposit in the local current expense fund a sum of money sufficient to equal the local contribution to this fund for the previous year.

If the working groups reach a proposed agreement, the terms and conditions must be approved by each board. If no agreement is reached, the mediator shall announce that fact to the chairs of both boards, the Senior Resident Superior Court Judge, and the public. The mediator shall not disclose any other information about the mediation. The mediator shall not make any recommendations or public statement of findings or conclusions.

The local board of education and the board of county commissioners shall share equally the mediator’s compensation and expenses. The mediator’s compensation shall be determined according to rules adopted under Chapter 7A of the General Statutes.

(c) Within five days after an announcement of no agreement by the mediator, the local board of education may file an action in the superior court division of the General Court of Justice. Either board has the right to have the issues of fact tried by a jury. When a jury trial is demanded, the cause shall be set for the first succeeding term of the superior court in the county, and shall take precedence over all other business of the court. However, if the judge presiding certifies to the Chief Justice of the Supreme Court, either before or during the term, that because of the accumulation of other business, the public interest will be best served by not trying the cause at the term next succeeding the filing of the action, the Chief Justice shall immediately call a special term of the superior court for the county, to convene as soon as possible, and assign a judge of the superior court or an emergency judge to hold the court, and the cause shall be tried at this special term. The judge shall find, or if the issue is submitted to the jury, the jury shall find the facts as to the following in order to maintain a system of free public schools as defined by State law and State Board of Education policy: (i) the amount of money legally necessary from all sources and (ii) the amount of money legally necessary from the board of county commissioners. In making the finding, the judge or the jury shall consider the educational goals and policies of the State and the local board of education, the budgetary request of the local board of education, the financial resources of the county and the local board of education, and the fiscal policies of the board of county commissioners and the local board of education.

All findings of fact in the superior court, whether found by the judge or a jury, shall be conclusive. When the facts have been found, the court shall give judgment ordering the board of county commissioners to appropriate a sum certain to the local school administrative unit, and to levy such taxes on property as may be necessary to make up this sum when added to other revenues available for the purpose.

(d) An appeal may be taken to the appellate division of the General Court of Justice, and notice of appeal shall be given in writing within 10 days after entry of the judgment. All
papers and records relating to the case shall be considered a part of the record on appeal. The conclusion of the school or fiscal year shall not be deemed to resolve the question in controversy between the parties while an appeal is still pending. Any final judgment shall be legally binding on the parties at the conclusion of the appellate process. The payment of any final judgment by the county in favor of the local school administrative unit shall not be considered, or used in any manner, to deny or reduce appropriations to the local school administrative unit by the county in fiscal years subsequent to the one at issue to offset such payment of a final judgment.

(e) If, in an action filed under this section, the final judgment of the General Court of Justice is rendered after the due date prescribed by law for property taxes, the board of county commissioners is authorized to levy such supplementary taxes as may be required by the judgment, notwithstanding any other provisions of law with respect to the time for doing acts necessary to a property tax levy. Upon making a supplementary levy under this subsection, the board of county commissioners shall designate the person who is to compute and prepare the supplementary tax receipts and records for all such taxes. Upon delivering the supplementary tax receipts to the tax collector, the board of county commissioners shall proceed as provided in G.S. 105-321.

The due date of supplementary taxes levied under this subsection is the date of the levy, and the taxes may be paid at par or face amount at any time before the one hundred and twentieth day after the due date. On or after the one hundred and twentieth day and before the one hundred and fiftieth day from the due date there shall be added to the taxes interest at the rate of two percent (2%). On or after the one hundred and fiftieth day from the due date, there shall be added to the taxes, in addition to the two percent (2%) provided above, interest at the rate of three-fourths of one percent (3/4 of 1%) per 30 days or fraction thereof until the taxes plus interest have been paid. No discounts for prepayment of supplementary taxes levied under this subsection shall be allowed.

SECTION 7.30. (b) G.S. 115C-432(a) reads as rewritten:

"(a) After the board of county commissioners has made its appropriations to the local school administrative unit, or after the appeal procedure set out in G.S. 115C-431 has been concluded, the board of education shall adopt a budget resolution making appropriations for the budget year in such sums as the board may deem sufficient and proper. The budget resolution shall conform to the uniform budget format established by the State Board of Education."

SECTION 7.30. (c) This section applies beginning with budget ordinances adopted on or after the date this act becomes law.

(1) That controlling escalating health care costs of the Medicaid program and other State-funded health services is of significant importance to the State, its taxpayers, its Medicaid recipients, and other recipients of State-funded health services.

(2) That the State needs timely access to certain demographic and clinical information pertaining to services rendered to Medicaid and other State-funded health care program beneficiaries and paid for with Medicaid or other State-funded health care funds in order to assess performance, improve health care outcomes, pinpoint medical expense trends, identify beneficiary health risks, and evaluate how the State is spending money on Medicaid and other State-funded health services.

(a1) Mandatory Connectivity to HIE Network. – Notwithstanding the voluntary nature of the HIE Network under G.S. 90-414.2, the following providers shall establish connectivity to the HIE Network and commence submission of demographic and clinical data or encounter and claims data, as appropriate under subsections (b) and (c) of this section, by the following dates:

(a2) Extensions of Time for Establishing Connectivity. – The Authority and the Department may establish a process to grant limited extensions of the time for providers to establish connectivity to the HIE Network and commence data submission as required under this section upon the request of a provider that demonstrates an ongoing good-faith effort to take necessary steps to establish such connectivity. The process for granting an extension of time must include a presentation by the provider to the Authority and the Department of the
expected time line for establishing connectivity to the HIE Network and commencing data submission as required by this section. Neither the Authority nor the Department shall grant an extension of time (i) to any provider that fails to provide this information to the Authority and the Department or (ii) that would result in the provider establishing connectivity to the HIE Network and commencing data submission as required by this section later than June 1, 2020.

EDUCATION/TRANSITION FROM PRESCHOOL TO KINDERGARTEN

SECTION 11B.2.(a) The Department of Health and Human Services, in
consultation with the Department of Public Instruction and any other agencies or organizations
that administer, support, or study early education in this State, and within resources currently
available, shall continue to collaborate on an ongoing basis in the development and
implementation of a statewide vision for early childhood education. In collaborating in this
effort, the agencies shall continue developing a comprehensive approach to early childhood education, birth through third grade, including creating cross agency accountability with a comprehensive set of data indicators, including consideration of the NC Pathways to Grade-Level Reading, to monitor and measure success of the early childhood education systems.

SECTION 11B.2.(b) The Department of Health and Human Services, the Department of Public Instruction, and any other agencies or organizations that administer, support, or study early education programs in this State shall submit a follow-up report of their findings and recommendations, including any legislative proposals, on the statewide vision for early childhood education pursuant to subsection (a) of this section to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Education Oversight Committee on or before January 1, 2018, and may make any subsequent reports, annually, on or before January 1, as needed to those same committees.

SECTION 11B.2.(c) The Department of Health and Human Services, in consultation with the Department of Public Instruction, shall continue developing a standardized program to transition children from preschool to kindergarten. In developing this standardized transition program, the Department of Health and Human Services shall identify, at a minimum:

1. Methods to standardize student transition information such that it is quantifiable.
2. Recommendations for sharing data contained in a student's transition plan between preschool teachers and either kindergarten teachers or the schools that receive the incoming kindergarten students.
3. Recommendations for sharing data contained in a student's transition plan between preschool teachers and the parents or guardians of the child who is transitioning to kindergarten.
4. Recommendations for preschool teacher training and continuing education to support their role in completing transition plans for preschool children.
5. Recommendations for baseline information that should be compiled in transition plans for students transitioning to kindergarten.
6. Procedures for the management of transition plan documents, including recommendations for the length of records retention, provisions for confidentiality, and proper disposal.
7. Any other components the Department deems appropriate in the provision of information between preschools, students' families, and kindergartens.

SECTION 11B.2.(d) The Department of Health and Human Services shall report on the development of the standardized transition program required pursuant to subsection (c) of this section, including any findings and recommendations and any legislative proposals, to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Education Oversight Committee on or before January 1, 2018.

CHILD CARE SUBSIDY RATES

SECTION 11B.3.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.
SECTION 11B.3.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the co-payment shall be eighty-three percent (83%) of the full-time co-payment. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

SECTION 11B.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

(4) No payments shall be made for transportation services or registration fees charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 11B.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 11B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 11B.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties
where there is an inadequate number of four- and five-star rated facilities for non-star rated programs, such as religious programs.

SECTION 11B.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 11B.3.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 11B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

1. The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
2. The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
3. The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 11B.3.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 11B.3.(k) Department of Defense-certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense-certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense-certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE SUBSIDY MARKET RATE INCREASES/CERTAIN AGE GROUPS AND COUNTIES

SECTION 11B.4.(a) Beginning October 1, 2017, the Department of Health and Human Services, Division of Child Development and Early Education (Division), shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study for school-aged children in three-, four-, and five-star-rated child care centers and homes in tier one and tier two counties.

SECTION 11B.4.(b) Beginning October 1, 2017, the Division shall increase the child care subsidy market rates by seventy percent (70%) of the difference between the current market rates and the rates recommended by the 2015 Child Care Market Rate Study for
children birth through two years of age in three-, four-, and five-star-rated child care centers
and homes in tier three counties.

SECTION 11B.4.(c) Beginning July 1, 2018, the Division shall increase the child
care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study
for children birth through two years of age in three-, four-, and five-star-rated child care centers
and homes in tier three counties.

SECTION 11B.4.(d) For purposes of this section, tier one, tier two, and tier three
counties shall have the same designations as those established by the N.C. Department of
Commerce's 2015 County Tier Designations.

CHILD CARE ALLOCATION FORMULA

SECTION 11B.5.(a) The Department of Health and Human Services, Division of
Child Development and Early Education (Division), shall allocate child care subsidy voucher
funds to pay the costs of necessary child care for minor children of needy families. The
mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy
allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child
care subsidy allocation. The Department of Health and Human Services shall use the following
method when allocating federal and State child care funds, not including the aggregate
mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy
allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving
children under age 11 in families with all parents working who earn less than
the applicable federal poverty level percentage set forth in Section 11B.3(a)
of this act.

(2) The Division may withhold up to two percent (2%) of available funds from
the allocation formula for (i) preventing termination of services throughout
the fiscal year and (ii) repayment of any federal funds identified by counties
as overpayments, including overpayments due to fraud. The Division shall
allocate to counties any funds withheld before the end of the fiscal year
when the Division determines the funds are not needed for the purposes
described in this subdivision.

(3) The Division shall set aside four percent (4%) of child care subsidy
allocations for vulnerable populations, which include a child identified as
having special needs and a child whose application for assistance indicates
that the child and the child's family is experiencing homelessness or is in a
temporary living situation. A child identified by this subdivision shall be
given priority for receiving services until such time as set-aside allocations
for vulnerable populations are exhausted.

SECTION 11B.5.(b) The Division may reallocate unused child care subsidy
voucher funds in order to meet the child care needs of low-income families. Any reallocation of
funds shall be based upon the expenditures of all child care subsidy voucher funding, including
North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage
service levels within the funds allocated to the counties. A county with a spending coefficient
over one hundred percent (100%) shall submit a plan to the Division for managing the county's
allocation before receiving any reallocated funds.

SECTION 11B.5.(c) When implementing the formula under subsection (a) of this
section, the Division shall include the market rate increase in the formula process, rather than
calculating the increases outside of the formula process. Additionally, the Department shall do
the following:

(1) Implement the final one-third change in a county's allocation beginning
fiscal year 2018-2019. A county's initial allocation shall be the county's
expenditure in the previous fiscal year. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-five percent (95%) in the previous fiscal year shall receive its prior year's expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-five percent (95%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-five percent (95%) due to extraordinary circumstances, such as a State or federal disaster declaration in the affected county. However, effective for the 2018-2019 fiscal year, "extraordinary circumstances" shall only include a State or federal disaster declaration in the affected county or a State directive restricting the expenditure of funds that prohibits the county from meeting the ninety-five percent (95%) spending coefficient. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

CODIFY CERTAIN CHILD CARE SUBSIDY PROVISIONS

SECTION 11B.6. Article 3 of Chapter 143B of the General Statutes is amended by adding a new Part to read:

"Part 10C. Child Care Subsidy.

§ 143B-168.25. Child care funds matching requirements. No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds appropriated by this act unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of an emergency as defined in G.S. 166A-19.3(6).

§ 143B-168.26. Child care revolving loan. Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

§ 143B-168.27. Administrative allowance for county departments of social services; use of subsidy funds for fraud detection. (a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care and Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.
(b) Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.

(c) The Division may adjust the allocations in the Child Care and Development Block Grant according to (i) the final allocations for local departments of social services under subsection (a) of this section and (ii) the funds allocated for fraud detection and investigation initiatives under subsection (b) of this section. The Division shall submit a report on the final adjustments to the allocations of the four percent (4%) administrative costs to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than September 30 of each year.”

CHILD CARE SUBSIDY RECIPIENTS TO COOPERATE WITH CHILD SUPPORT SERVICES

SECTION 11B.7. (a) Beginning January 1, 2018, the Department of Health and Human Services, the Division of Child Development and Early Education (DCDEEE) and the Division of Social Services (DSS), shall implement the plan developed pursuant to S.L. 2015-51 requiring a custodial parent or other relative or person with primary custody of the child who is receiving child care subsidy payments to cooperate with the county child support services program as a condition of receiving child care subsidy payments. DCDEEE and DSS shall implement the plan, which shall include, at a minimum, the components described in Section 1(a) of S.L. 2015-51, as well as any criteria DCDEEE and DSS identified in its report on the plan as submitted to the Joint Legislative Oversight Committee on Health and Human Services dated February 1, 2016.

SECTION 11B.7. (b) The Division of Child Development and Early Education and the Division of Social Services shall report on the implementation of the plan to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than October 1, 2018.

SMART START INITIATIVES

SECTION 11B.8. (a) Policies. – The North Carolina Partnership for Children, Inc., and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.’s mission of improving child care quality in North Carolina for children from birth to five years of age. North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

1. Increase children’s literacy.
2. Increase the parents’ ability to raise healthy, successful children.
3. Improve children’s health.
4. Assist four- and five-star-rated facilities in improving and maintaining quality.

SECTION 11B.8. (b) Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to
collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 11B.8.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
(4) The professional experience of the individual to be compensated.
(5) Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual’s salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 11B.8.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2017-2019 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2017-2019 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

(1) Be verifiable from the contractor’s records.
(2) If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
(3) Not include expenses funded by State funds.
(4) Be supplemental to and not supplant preexisting resources for related program activities.
(5) Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program’s objectives.
(6) Be otherwise allowable under federal or State law.
(7) Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
(8) Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses. Failure to obtain a nineteen-percent (19%) match by June 30 of each year of the 2017-2019 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Oversight Committee on Health and Human Services in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 11B.8.(e) Bidding. – The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

1. For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy as developed by the Board of Directors of the North Carolina Partnership for Children, Inc.
2. For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.
3. For amounts of fifteen thousand dollars ($15,000) or more, but less than forty thousand dollars ($40,000), a request for proposal process.
4. For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 11B.8.(f) Allocations. – The North Carolina Partnership for Children, Inc., shall not reduce the allocation for counties with less than 35,000 in population below the 2012-2013 funding level.

SECTION 11B.8.(g) Performance-Based Evaluation. – The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 11B.8.(h) Expenditure Restrictions. – The Department of Health and Human Services and the North Carolina Partnership for Children, Inc., shall ensure that the allocation of funds for Early Childhood Education and Development Initiatives for the 2017-2019 fiscal biennium shall be administered and distributed in the following manner:

1. Capital expenditures are prohibited for the 2017-2019 fiscal biennium. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).
2. Expenditures of State funds for advertising and promotional activities are prohibited for the 2017-2019 fiscal biennium.

For the 2017-2019 fiscal biennium, local partnerships shall not spend any State funds on marketing campaigns, advertising, or any associated materials. Local partnerships may spend any private funds the local partnerships receive on those activities.

SMART START EARLY LITERACY INITIATIVE/DOLLY PARTON'S IMAGINATION LIBRARY

SECTION 11B.9.(a) Funds allocated to the North Carolina Partnership for Children, Inc., from the Department of Health and Human Services, shall be used to increase access to Dolly Parton's Imagination Library, an early literacy program that mails age-appropriate books on a monthly basis to children registered for the program, with the intent that, upon full implementation, access to the program shall be statewide.

SECTION 11B.9.(b) The North Carolina Partnership for Children, Inc., may use up to two percent (2%) of the funds for program evaluation. Funds appropriated under this section shall not be subject to administrative costs requirements under Section 11B.8(b) of this act, nor shall these funds be subject to the child care services funding requirements under
G.S. 143B-168.15(b), child care subsidy expansion requirements under G.S. 143B-168.15(g), or the match requirements under Section 11B.8(d) of this act.

SECTION 11B.9.(c) The North Carolina Partnership for Children, Inc., shall report on the success of the early literacy initiative, including any recommendations, to the Joint Legislative Oversight Committee on Health and Human Services by March 1, 2018. The report shall include participation rates for Dolly Parton’s Imagination Library.

For programmatic purposes, all counties referred to in this subsection shall remain under their current county designation through September 30, 2019.

SECTION 11C.1.(d) For each year of the 2017-2019 fiscal biennium, Electing Counties shall be held harmless to their Work First Family Assistance allocations for the 2015-2016 fiscal year, provided that remaining funds allocated for Work First Family Assistance and Work First Diversion Assistance are sufficient for payments made by the Department on behalf of Standard Counties pursuant to G.S. 108A-27.11(b).

SECTION 11C.1.(e) In the event that departmental projections of Work First Family Assistance and Work First Diversion Assistance for the 2017-2018 fiscal year or the 2018-2019 fiscal year indicate that remaining funds are insufficient for Work First Family Assistance and Work First Diversion Assistance payments to be made on behalf of Standard Counties, the Department is authorized to deallocate funds, of those allocated to Electing Counties for Work First Family Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for payments in Standard Counties. Prior to deallocation, the Department shall obtain approval by the Office of State Budget and Management. If the Department adjusts the allocation set forth in subsection (d) of this section, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 11C.2.(a) Notwithstanding the provisions of G.S. 143B-150.6, the Intensive Family Preservation Services (IFPS) Program shall provide intensive services to children and families in cases of abuse, neglect, and dependency where a child is at imminent risk of removal from the home and to children and families in cases of abuse where a child is not at imminent risk of removal. The Program shall be developed and implemented statewide

SECTION 11C.2. (b) The Department of Health and Human Services shall require that any program or entity that receives State, federal, or other funding for the purpose of IFPS shall provide information and data that allows for the following:

(3) Cost-benefit data.
(4) Data on long-term benefits associated with IFPS. This data shall be obtained by tracking families through the intervention process.
(5) The number of families remaining intact and the associated interventions while in IFPS and 12 months thereafter.
(6) The number and percentage, by race, of children who received IFPS compared to the ratio of their distribution in the general population involved with Child Protective Services.

SECTION 11C.2. (c) The Department shall establish a performance-based funding protocol and shall only provide funding to those programs and entities providing the required information specified in subsection (b) of this section. The amount of funding shall be based on the individual performance of each program.

In determining the maximum reimbursement, the State shall include county and IV-E reimbursements.

LOCAL DSS; CORRECTIVE ACTION

SECTION 11C.12.(p) G.S. 108A-74 reads as rewritten:

"§ 108A-74. County–Local department failure to provide services; meet required standards in child welfare; corrective action; State intervention in or control of service delivery."

(a) Notwithstanding any other provision of law to the contrary, the Secretary of Health and Human Services may take action in accordance with this section to ensure the delivery of child welfare services in accordance with State laws and applicable rules. As used in this section, the following definitions shall apply:

(1) "County department of social services" also means the Department of social services. – The department responsible for administration of the social services and public assistance programs in a county. It includes a county department of social services, a consolidated human services agency, or a regional social services department, whichever applies.

(2) "County director of social services" also means the—Director of social services. – The person responsible for managing and administering the department of social services, including a county social services director, a regional social services director, or a human services director, whichever applies, and applies.

(3) "County board of social services" also means the—Board of social services. – The governing body responsible for oversight of the department of social services, including a regional board of social services, a consolidated human services board, or a board of county commissioners that has assumed the
powers and duties of a social services governing board pursuant to
G.S. 153A-77(a), whichever applies.

(4) Child welfare program. – Protective services related to juveniles alleged to
be abused, neglected, or dependent as required by Chapter 7B of the General
Statutes.

(a1) The Secretary shall develop a standard set of performance and outcome metrics for
child welfare services. Departments of social services shall satisfy mandated performance
requirements that are based on those metrics.

(a2) If a department of social services fails to meet the performance requirements for
three consecutive months or for five months within any consecutive 12-month period, the
Secretary and the department of social services shall enter into a joint corrective action plan
within 60 working days. The plan shall specifically identify each of the following components:

(1) The duration of the joint corrective action plan, not to exceed 12 months. If
the Secretary determines that the department of social services has not
shown measurable progress within six months, the Secretary may summarily
conclude that the department of social services has failed to successfully
complete a joint corrective plan and may proceed with steps necessary to
temporarily assume administrative responsibilities of the department of
social services. If the Secretary determines the department of social services
has shown measurable progress within six months, the Secretary may extend
the joint corrective action plan by six months, but in no case shall a joint
corrective action plan exceed 18 months.

(2) The performance requirements for the department of social services that
constitute successful completion of the joint corrective action plan.

(3) An acknowledgement that failure to successfully complete the joint
corrective action plan shall result in temporary assumption of all or part of
the department of social services' child welfare program administration.

(b) If the Secretary of Health and Human Services determines that a county department
of social services is not providing child protective services, foster care services, or adoption
services in accordance with State law and with applicable rules adopted by the Social Services
Commission, or fails to demonstrate reasonable efforts to do so, has failed to successfully
complete the joint corrective action plan, then the Secretary, after providing written notification
of intent to the county director of social services, to the chair of the county board of
commissioners, and to the chair of the county board of social services, and after providing them
with an opportunity to be heard, may intervene in the particular service or services in question.
Intervention includes, but is not limited to, the following activities: Secretary shall give the
board of county commissioners, the department of social services, the county manager, and the
board of social services at least 30 days' notice that the Secretary intends to temporarily assume
all or part of the department's child welfare program administration in accordance with
subsection (c) of this section. In a regional department of social services, notice shall be
provided to boards of county commissioners and county managers for all counties served by the
region.

(1) Sending staff of the Department of Health and Human Services to the county
department of social services to provide technical assistance and to monitor
the services being provided;

(2) Establishing a corrective plan of action to correct inappropriate policies and
procedures; and

(3) Advising county personnel as to appropriate policies and procedures.

If within 60 days of completion of the intervention activities, the Secretary finds that the
county department of social services is not providing in accordance with State laws and
applicable rules the particular service or services for which intervention was initiated, or has
not demonstrated reasonable efforts to do so, the Secretary shall withhold State and federal child welfare services administrative funds until the particular service or services are provided in accordance with State laws and applicable rules.

(c) If the Secretary determines that a county department of social services is not providing child protective, foster care, or adoption services in accordance with State law and with applicable rules adopted by the Social Services Commission, or fails to demonstrate reasonable efforts to do so, and the failure to provide the services poses a substantial threat to the safety and welfare of children in the county who receive or are eligible to receive the services, then the Secretary, after providing written notification of intent to the chair of the county board of commissioners, to the chair of the county board of social services, and to the county director of social services, and after providing them with an opportunity to be heard, shall withhold funding for the particular service or services in question and shall ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of Health and Human Services. Notwithstanding any provision of law to the contrary, if a department of social services fails to successfully complete its joint corrective action plan, the Secretary shall, within 30 calendar days, temporarily assume all or part of the department’s child welfare program administration upon giving notice as required by subsection (b) of this section. During the period the Secretary assumes administration of the child welfare program, the following shall occur:

1. The Secretary shall administer the child welfare program in a county or region. Administration by the Secretary may include direct operation by the Department, including supervision of child welfare program staff or contracts for operation, to the extent permitted by federal law.

2. The department of social services shall be divested of administrative authority for any component of the child welfare program the Secretary assumes.

3. The director of social services shall be divested of all service delivery powers conferred upon the director by G.S. 108A-14 and other applicable State law as it pertains to the services in question. The Secretary may assign any of the powers and duties of the director of social services to the Director of the Division of Social Services of the Department or a contractor, as the Secretary deems necessary and appropriate to continue the provision of services in the county. If the director delegates any authority to staff pursuant to G.S. 108A-14(b), delegated authority shall remain in effect until the Secretary, or the Secretary’s designee, specifically revokes the delegation.

4. The Secretary shall direct and oversee the expenditure of all funding for the administration of the components of the child welfare program assumed by the Secretary.

5. The department of social services shall not withdraw funds previously obligated or appropriated for child welfare program administration and services. The department of social services shall continue to pay the county or region’s nonfederal share for the child welfare program services and administration.

6. The Secretary shall work with the department of social services to develop a plan for the department to resume child welfare program administration.

7. The Secretary shall inform the appropriate board or boards of county commissioners, the county manager or managers, the director of social services, and the board of social services of key activities and ongoing concerns during the temporary assumption of child welfare administration.
Upon the Secretary's determination that the department of social services is able to meet performance requirements for child welfare programs and that program administration responsibilities should be restored to the department of social services, the Secretary shall notify the board of county commissioners, the department of social services, the county manager, and the board of social services that the temporary assumption of child welfare program administration will be terminated and the effective date of the termination. Upon termination, the department of social services shall resume its full authority to administer the child welfare program.

In the event that the Secretary assumes control of service delivery pursuant to subsection (c) of this section, the county director of social services shall be divested of all service delivery powers conferred upon the director by G.S. 108A-14 and other applicable State law as the powers pertain to the services in question. Upon assumption of control of service delivery, the Secretary may assign any of the powers and duties of the county director of social services to the Director of the Division of Social Services of the Department of Health and Human Services or to a contractor as the Secretary deems necessary and appropriate to continue the provision of the services in the county.

In the event the Secretary takes action under this section, the Department of Health and Human Services shall, in conjunction with the county board of commissioners, the county board of social services, and the county director of social services develop and implement a corrective plan of action. The Department of Health and Human Services shall also keep the chair of the county board of commissioners, the chair of the county board of social services, and the county director of social services informed of any ongoing concerns or problems with the delivery of the services in question.

Upon the Secretary taking action pursuant to subsection (c) of this section, county funding of the services in question shall continue and at no time during the period of time that the Secretary is taking action shall a county withdraw funds previously obligated or appropriated for the services. Upon the Secretary's assumption of the control of service delivery, the county shall also pay the nonfederal share of any additional cost that may be incurred to operate the services in question at the level necessary to comply fully with State law and Social Services Commission rules.

During the period of time that the Secretary is taking action pursuant to subsection (c) of this section, the Department of Health and Human Services shall work with the county board of commissioners, the county board of social services, and the county director of social services, to enable service delivery to be returned to the county if and when the Secretary has determined that services can be provided by the county in accordance with State law and applicable rules.

SECTION 11C.12.(q) Subsection (p) of this section becomes effective six months after all 100 counties in the State have implemented the child welfare component to the North Carolina Families Accessing Services through Technology (NC FAST) system.
Though these agencies and organizations provide important services, they often fail to
collaborate, coordinate, and communicate about those services. A more systematic and
coordinated approach to services will help ensure that the State achieves the best possible
outcomes for children. Therefore, the General Assembly finds that it is essential that a single
body serve as a means for coordination, collaboration, and communication among agencies and
organizations involved in providing public services to children.

(b) Creation and Membership. – There is established the North Carolina Child
Well-Being Transformation Council (Council). The Council shall be located administratively in
the General Assembly. The Council shall consist of 17 members serving staggered terms. In
making appointments, each appointing authority shall select members who have appropriate

(d) Organization. – The Council shall elect from its membership a chair and vice-chair to each serve one-year terms. The Council shall meet on a quarterly basis each year upon the call of the chair. A quorum of the Council is nine members. No action may be taken except by a majority vote at a meeting at which a quorum is present. The Open Meetings Law pursuant to Article 33C of Chapter 143 of the General Statutes and the Public Records Act under Chapter 132 of the General Statutes shall apply to the Council.

(e) Funding. – From funds available to the General Assembly, the Legislative Services Commission shall allocate monies to fund the work of the Committee. Members of the Committee shall receive subsistence and travel expenses as provided in G.S. 120-3.1 and G.S. 138-5.

1. Monitor the process of regionalization.
2. Monitor the process of child welfare reform.
3. Recommend changes in law, policy, or practice necessary to remedy gaps in coordination, collaboration, and communication between the new regional social services departments and other agencies and organizations involved with the same populations.

(c) By 2022, and thereafter, the Council shall expand the scope of its work to encompass evaluation of child-centered programs and services beyond the child protective services system. The Council shall take appropriate steps to identify gaps in coordination, collaboration, and communication and recommend changes in law, policy, or practice necessary to remedy remaining gaps. The Council’s authority extends to any publicly funded program that serves children.

(d) The Council shall submit a report to the chairs of the Senate Appropriations Committee on Health and Human Services, the chairs of the House of Representatives Appropriations Committee on Health and Human Services, the Joint Legislative Oversight Committee on Health and Human Services, and the Fiscal Research Division by June 30 of each year. The report shall include a summary of the Council’s work for the previous year, any findings and recommendations for change, and a work plan for the upcoming year.

(e) The Council is authorized to accept gifts or grants from other sources to support administration of the Council."
SECTION 11C.12.(s) Of the funds appropriated in this act to the Department of Health and Human Services, the sum of twelve thousand six hundred ninety-two dollars ($12,692) in nonrecurring funds for the 2018-2019 fiscal year shall be allocated to the Legislative Services Commission for purposes of assisting the Child Well-Being Transformation Council established pursuant to subsection (r) of this section.

DRIVERS LICENSE PILOT PROJECT

SECTION 11C.12.(t) The General Assembly recognizes that not having a drivers license is a barrier to education, employment, health care, and other community-based activities for older youth in foster care, as defined in G.S. 131D-10.2(9), working toward independence. One of the biggest barriers to accessing a drivers license for such youth is the ability to obtain insurance. Therefore, to assist in this effort, the Department of Health and Human Services, Division of Social Services, shall establish a two-year pilot program that shall reimburse, on a first-come, first-served basis, youth and caregivers’ costs associated with drivers license education, drivers license fees, insurance costs, and any other costs associated with obtaining a drivers license. The Division shall take appropriate steps to ensure proper advertising of the pilot program.

The Division of Social Services shall report on the pilot project to the Joint Legislative Oversight Committee on Health and Human Services by March 1, 2018.

SECTION 11C.12.(u) Of the funds appropriated in this act to the Department of Health and Human Services, Division of Social Services, the sum of seventy-five thousand dollars ($75,000) for the 2017-2018 fiscal year and the sum of seventy-five thousand dollars ($75,000) for the 2018-2019 fiscal year shall be used to conduct the pilot project established pursuant to subsection (t) of this section.

PILOT WAIVER FOR IAF foster parents

SECTION 11C.12.(v) The General Assembly has determined that in an effort to maximize funding, local management entities/managed care organizations (LME/MCOs) are utilizing Intensive Alternative Family Treatment (IAFT), which is a means of cost-effective, specialized foster care treatment service that is being used for many youth who would have previously been treated in Medicaid congregate care, such as psychiatric residential treatment facilities. The General Assembly finds that these higher-need youth are often (i) suspended or expelled from school or day programs and (ii) require multiple appointments on a weekly basis to address needs, such as therapy, medication management, and school individual education plans (IEPs). Further, in accordance with rules, foster parents are required to maintain outside employment while providing foster care, but the constant demands of meeting the needs of these foster youth often lead to disruption in placement as the foster parent is unable to meet those needs while maintaining the parent's employment obligations.

SECTION 11C.12.(w) To that end, the Department of Health and Human Services, Division of Social Services (Division), shall establish a pilot program that will allow the Division to waive the employment requirement for foster parents with children utilizing the Intensive Alternative Family Treatment (IAFT). The Division shall solicit participation in the pilot program from interested local management entities/managed care organizations (LME/MCOs). The participating LME/MCOs shall conduct comparison measures between existing IAFT outcomes and those of pilots to determine any impact the waiver may have on outside employment. LME/MCOs shall measure progress of the pilot waivers based on the expectation of meeting the following outcomes:

1. Improved placement stability with less than twenty percent (20%) of moves of youth occurring due to therapeutic foster parent request.
2. Seventy-five percent (75%) of youth and families meeting their treatment goals within the projected time frame.
(3) No more than a ten percent (10%) increase in higher-level hospital bed days.

SECTION 11C.12.(x) LME/MCOs participating in the IAFT pilot waiver program shall provide a report on the outcomes of the pilots, along with any recommendations, to the Division. The Division shall then submit a report on the pilot waiver program to the Joint Legislative Oversight Committee on Health and Human Services by December 1, 2018.

SECTION 11F.2.(c) The Department of Health and Human Services shall continue to use the monthly reporting package submitted by the LME/MCOs to the Department, as modified pursuant to Section 12F.2(c) of S.L. 2015-241, to include revenues and expenditures for the State funding sources for single-stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department shall continue to use appropriate schedules in the LME/MCO monthly reporting package, as modified pursuant to Section 12F.2(c) of S.L. 2015-241, to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for the current and previous year's month and year-to-date periods. The Department shall continue to submit these reports to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division by the third Monday of each month.

SECTION 11F.2.(d) If, on or after June 1, 2018, the Office of State Budget and Management (OSBM) certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for the 2017-2018 fiscal year, then the Department of Health and Human Services, Division of Medical Assistance (DMA), may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single-stream funding required by this section.

If, on or after June 1, 2019, the OSBM certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2018-2019, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single-stream funding required by this section.

The DMH/DD/SAS shall allocate funds transferred pursuant to this subsection among the LME/MCOs based on the individual LME/MCO's percentage of nonrecurring reductions in single-stream funding for the fiscal year, as required by subsection (b) of this section. These funds shall be allocated as prescribed by June 30 of each State fiscal year.

SECTION 11F.2.(e) The Department of Health and Human Services shall develop a maintenance of effort (MOE) spending requirement for all mental health and substance abuse services which must be maintained using nonfederal, State appropriations on an annual basis in order to meet MOE requirements for federal block grant awards. LME/MCOs shall ensure the MOE spending requirement is met using State appropriations.

SECTION 11F.2.(f) Beginning July 1, 2017, and quarterly thereafter, the Secretary of Health and Human Services shall evaluate the financial position of each LME/MCO relative to the solvency standards to be developed by the Department and included in the statewide Strategic Plan for Behavioral Health Services pursuant to Section 12F.10(b)(4) of S.L. 2016-94 (approved solvency standards).

If, at any time, the Secretary determines an LME/MCO is at risk of failing financially in the ensuing two-year period, based on the approved solvency standards, the Secretary shall immediately meet with that LME/MCO for the purpose of evaluating the reasons for the LME/MCO's vulnerable financial position, including reasons attributable to...
trends in performance management and utilization of services. Within 30 days after meeting
with an LME/MCO pursuant to this section, the Secretary shall submit a written report of its
evaluation to the LME/MCO. By October 1, 2017, the Secretary shall submit an initial report to
the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal
Research Division on each LME/MCO determined to be at risk of failing financially,
identifying the reasons for each LME/MCO's vulnerable financial position.

Within 45 days after receiving the Secretary's report, the LME/MCO shall develop
and submit to the Secretary, in writing, a proposed plan of corrective action with specific
initiatives and actions to be implemented by the LME/MCO in order to bring its financial
position into compliance with the approved solvency standards, along with a projected time line
for completing each identified initiative or action and a deadline for achieving full compliance
with the approved solvency standards. At a minimum, the proposed plan of corrective action
shall address (i) rates paid to the LME/MCO and its providers for services, contracts, and
administrative costs; (ii) utilization of services; (iii) management of the operations of the
LME/MCO; and (iv) financial risk to the State.

Within 14 days after receiving the LME/MCO's proposed plan of corrective action,
the Secretary shall make any changes to the proposed plan of corrective action it deems
necessary for the LME/MCO to bring its financial position into compliance with the approved
solvency standards and submit a final, Secretary-approved plan of corrective action to the
LME/MCO, the Joint Legislative Oversight Committee on Health and Human Services, and the
Fiscal Research Division.

The LME/MCO shall submit monthly reports to the Secretary on its progress under
the final, Secretary-approved plan of corrective action. The Secretary shall submit monthly
reports to the Joint Legislative Oversight Committee on Health and Human Services and the
Fiscal Research Division evaluating the LME/MCO's progress under the final, Secretary-approved plan of corrective action, identifying any variance from the corrective plan
of action that could be an obstacle to the LME/MCO achieving full compliance with the
approved solvency standards by the deadline included in the final, Secretary-approved
corrective plan of action.

system of payment for purchasing these local inpatient psychiatric beds or bed days based on
acuity level with an enhanced rate of payment for inpatient psychiatric beds or bed days for
individuals with higher acuity levels, as defined by the Department. The enhanced rate of
payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels
shall not exceed the lowest average cost per patient bed day among the State psychiatric
hospitals. In addition, at the discretion of the Secretary of Health and Human Services, existing
funds allocated to LME/MCOs for community-based mental health, developmental disabilities,
and substance abuse services may be used to purchase additional local inpatient psychiatric
beds or bed days. Funds designated in this subsection for the purchase of local inpatient
psychiatric beds or bed days shall not be used to supplant other funds appropriated or otherwise
available to the Department for the purchase of inpatient psychiatric services through contracts with local hospitals.

SECTION 11F.3.(b) Distribution and Management of Beds or Bed Days. – Except as provided in this subsection, the Department shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance with this section are utilized solely for individuals who are medically indigent, as defined in this subsection. The Department shall ensure that beds or bed days for individuals with higher acuity levels are distributed across the State in LME catchment areas, including any catchment areas served by managed care organizations, and according to greatest need based on hospital bed utilization data. The Department shall enter into contracts with LME/MCOs and local hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. LME/MCOs shall manage and control these local inpatient psychiatric beds or bed days, including the determination of the specific local hospital or State psychiatric hospital to which an individual should be admitted pursuant to an involuntary commitment order.

The Department may use up to ten percent (10%) of the funds allocated in this section for each year of the 2017-2019 fiscal biennium to pay for facility-based crisis services and non-hospital detoxification services for individuals in need of these services, regardless if the individuals are medically indigent, defined as uninsured persons who (i) are financially unable to obtain private insurance coverage as determined by the Department and (ii) are not eligible for government-funded health coverage such as Medicare or Medicaid.

SECTION 11F.3.(c) Funds to Be Held in Statewide Reserve. – Funds appropriated to the Department for the purchase of local inpatient psychiatric beds or bed days shall not be allocated to LME/MCOs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LME/MCOs and billed by the hospitals through the LME/MCOs. LME/MCOs shall remit claims for payment to the Department within 15 working days after receipt of a clean claim from the hospital and shall pay the hospital within 30 working days after receipt of payment from the Department.

SECTION 11F.3.(d) Ineffective LME/MCO Management of Beds or Bed Days. – If the Department determines that (i) an LME/MCO is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not decreased, or (ii) the LME/MCO has failed to comply with the prompt payment provisions of subsection (c) of this section, the Department may contract with another LME/MCO to manage the beds or bed days or, notwithstanding any other provision of law to the contrary, may pay the hospital directly.

(3) In subsequent fiscal years, the minimum required percentage of the allocation that shall be used exclusively to purchase inpatient alcohol and substance abuse treatment services from the ADATCs shall decrease by ten percentage points each fiscal year after the 2016-2017-2017-2018 fiscal year until it reaches zero percent (0%). The minimum required percentage of the allocation remaining that shall be used to purchase inpatient alcohol and substance abuse treatment services from any qualified provider shall increase by ten percentage points each fiscal year after the 2016-2017-2017-2018 fiscal year until it reaches one hundred percent (100%). (a) If a county department of social services fails to successfully complete its joint corrective action plan, the Department shall give the county department of social services, the county manager, and the board of social services or the consolidated human services board, created pursuant to G.S. 153A-77(b), at least 90 days' notice that the Department intends to temporarily assume Medicaid eligibility administration, in accordance with subsection (b) of this section. erroneous issuance of Medicaid benefits and Medicaid claims payments resulting when the
county department of social services takes any action that requires payment of Medicaid claims
for an ineligible individual, for ineligible dates, or in an amount that includes a recipient's
liability and for which the State cannot claim federal participation.
(b) Notwithstanding subsection (a) of this section, a county department of social
services shall not be financially responsible for the erroneous issuance of Medicaid benefits and
Medicaid claims payments resulting from a failure or error attributable solely to the State.
(c) The amounts to be charged back to a county department of social services for
erroneous payments of claims shall be the State and federal shares of all erroneous payments,
not to exceed the lesser of the amount of actual error or claims payment."

(Department) shall design and implement a training and certification program for caseworkers
utilizing North Carolina Families Accessing Services Through Technology (NC FAST). The
training and certification program shall be available on a statewide basis, and the Department
shall provide training to caseworkers at county departments of social services at a location
within reasonable travel distance from the county departments of social services multiples

recertified. The Department may adopt and amend rules to implement this training and
certification program.

implemented the training and certification program under subsection (g) of this section, the
Department shall include in its audits required under G.S. 108A-70.46 a verification that all

MEDICAID SUBROGATION RIGHTS CONFORMING CHANGES

SECTION 11H.23. If Section 202(b) of the Bipartisan Budget Act of 2013, P.L. 113-67, takes effect on October 1, 2017, as provided in Section 202(c) of that act, as amended by Section 211 of the Protecting Access to Medicare Act of 2014, P.L. 113-93, and Section 220 of the Medicare Access and CHIP Reauthorization Act of 2015, P.L. 114-10, then G.S. 108A-57 reads as rewritten:

"§ 108A-57. Subrogation rights; withholding of information a misdemeanor.

(a) As used in this section, the term "beneficiary" means (i) the beneficiary of medical assistance, including a minor beneficiary, (ii) the medical assistance beneficiary's parent, legal guardian, or personal representative, (iii) the medical assistance beneficiary's heirs, and (iv) the administrator or the executor of the medical assistance beneficiary's estate.

Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State shall be subrogated to all rights of recovery, contractual or otherwise, of the beneficiary of this assistance, or of the beneficiary's personal representative, heirs, or the administrator or executor of the estate, against any person. A personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party shall include a claim for all medical assistance payments for health care items or services furnished to the medical assistance beneficiary as a result of the injury, hereinafter referred to as the "Medicaid claim."

Any personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party that does not state the Medicaid claim shall be deemed to include the Medicaid claim.

(a1) If the amount of the Medicaid claim does not exceed one third of the medical assistance beneficiary's gross recovery, it is presumed that the gross recovery includes compensation for the full amount of the Medicaid claim. If the amount of the Medicaid claim exceeds one third of the medical assistance beneficiary's gross recovery, it is presumed that one third of the gross recovery represents compensation for the Medicaid claim. The Medicaid claim shall be a lien upon any recovery that a beneficiary obtains. The amount of the lien shall
be equal to the total amount of the Medicaid claim but shall not exceed one-third of the gross amount of the recovery obtained.

If a beneficiary has claims against more than one third party related to the same injury, then the payment of the Medicaid lien on any individual recovery shall reduce the total balance of the Medicaid claim. The remaining balance of the Medicaid claim shall be applied as a lien on any subsequent recovery, provided that the lien on each recovery shall not exceed one-third of the gross amount of each recovery obtained.

(a2) A medical assistance beneficiary may dispute the presumptions established in subsection (a1) of this section by applying to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a court of competent jurisdiction, for a determination of the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim. An application under this subsection shall be filed with the court and served on the Department pursuant to the Rules of Civil Procedure no later than 30 days after the date that the settlement agreement is executed by all parties and, if required, approved by the court, or in cases in which judgment has been entered, no later than 30 days after the date of entry of judgment. The court shall hold an evidentiary hearing no sooner than 30 days after the date the action was filed. All of the following shall apply to the court's determination under this subsection:

(1) The medical assistance beneficiary has the burden of proving by clear and convincing evidence that the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim is less than the portion presumed under subsection (a1) of this section.

(2) The presumption arising under subsection (a1) of this section is not rebutted solely by the fact that the medical assistance beneficiary was not able to recover the full amount of all claims.

(3) If the beneficiary meets its burden of rebutting the presumption arising under subsection (a1) of this section, then the court shall determine the portion of the recovery that represents compensation for the Medicaid claim and shall order the beneficiary to pay the amount so determined to the Department in accordance with subsection (a5) of this section. In making this determination, the court may consider any factors that it deems just and reasonable.

(4) If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the court shall order the beneficiary to pay the amount presumed pursuant to subsection (a1) of this section to the Department in accordance with subsection (a5) of this section.

(a3) Notwithstanding the presumption arising pursuant to subsection (a1) of this section, the medical assistance beneficiary and the Department may reach an agreement on the portion of the recovery that represents compensation for the Medicaid claim. If such an agreement is reached after an application has been filed pursuant to subsection (a2) of this section, a stipulation of dismissal of the application signed by both parties shall be filed with the court.

(a4) Within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, the medical assistance beneficiary or any attorney retained by the beneficiary shall notify the Department of the receipt of the proceeds.

(a5) The medical assistance—Within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, a beneficiary or any attorney retained by the beneficiary shall, out of the proceeds obtained by or on behalf of the beneficiary by settlement with, judgment against, or otherwise from a third party by reason of injury or death, shall distribute to the Department the amount due pursuant to this section as follows: an amount sufficient to fully satisfy the Department's Medicaid lien as provided in subsection (a1) of this section. The Department's right to payment under this subsection shall
be a right to first recovery and shall not be prorated with or otherwise reduced by the claims of
any other persons or entities having medical subrogation or medical liens against the amount
received or recovered by the beneficiary.

(1) If, upon the expiration of the time for filing an application pursuant
subsection (a2) of this section, no application has been filed, then the amount
presumed pursuant to subsection (a1) of this section, as prorated with the
claims of all others having medical subrogation rights or medical liens
against the amount received or recovered, shall be paid to the Department
within 30 days of the beneficiary's receipt of the proceeds, in the absence of
an agreement pursuant to subsection (a3) of this section.

(2) If an application has been filed pursuant to subsection (a2) of this section
and no agreement has been reached pursuant to subsection (a3) of this
section, then the Department shall be paid as follows:

a. If the beneficiary rebuts the presumption arising under subsection
(a1) of this section, then the amount determined by the court pursuant
to subsection (a2) of this section, as prorated with the claims of all
others having medical subrogation rights or medical liens against the
amount received or recovered, shall be paid to the Department within
30 days of the entry of the court's order.

b. If the beneficiary fails to rebut the presumption arising under
subsection (a1) of this section, then the amount presumed pursuant to
subsection (a1) of this section, as prorated with the claims of all
others having medical subrogation rights or medical liens against the
amount received or recovered, shall be paid to the Department within
30 days of the entry of the court's order.

(3) If an agreement has been reached pursuant to subsection (a3) of this section,
then the agreed amount, as prorated with the claims of all others having
medical subrogation rights or medical liens against the amount received or
recovered, shall be paid to the Department within 30 days of the execution of
the agreement by the medical assistance beneficiary and the Department.

(a6) The United States and the State of North Carolina shall be entitled to shares in each
net recovery by the Department under this section. Their shares shall be promptly paid under
this section and their proportionate parts of such sum shall be determined in accordance with
the matching formulas in use during the period for which assistance was paid to the recipient.

(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance
under this Part, for himself, himself or herself, or another for another, to willfully fail to
disclose to the county department of social services or its attorney and to the Department the
identity of any person or organization against whom the recipient of assistance has a right of
recovery, contractual or otherwise.

(c) This section applies to the administration of and claims payments made by the
Department of Health and Human Services under the NC Health Choice Program established
under Part 8 of this Article.

(d) As required to ensure compliance with this section, the Department may apply to the
court in which the medical assistance beneficiary's claim against the third party is pending, or if
there is none, then to a superior court of competent jurisdiction for enforcement of this section."

GENERAL PROVISIONS

SECTION 11L.1.(b) Information to Be Included in Block Grant Plans. – The
Department of Health and Human Services shall submit a separate plan for each Block Grant
received and administered by the Department, and each plan shall include the following:

(1) A delineation of the proposed allocations by program or activity, including
State and federal match requirements.

(2) A delineation of the proposed State and local administrative expenditures.

(3) An identification of all new positions to be established through the BlockGrant, including permanent, temporary, and time-limited positions.

(4) A comparison of the proposed allocations by program or activity with two
prior years' program and activity budgets and two prior years' actual program
or activity expenditures.

(5) A projection of current year expenditures by program or activity.

(6) A projection of federal Block Grant funds available, including unspent
federal funds from the current and prior fiscal years.

SECTION 11L.1.(c) Changes in Federal Fund Availability. – If the Congress of
the United States increases the federal fund availability for any of the Block Grants or
contingency funds and other grants related to existing Block Grants administered by the
Department of Health and Human Services from the amounts appropriated in this section, the
Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2017-2018 and 2018-2019, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for four-year-old children and shall not be used to supplant State funds.

Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 11L.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2019, according to the schedule enacted for State fiscal years 2017-2018 and 2018-2019 or until a new schedule is enacted by the General Assembly.

SECTION 11L.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management, and the Office of State Budget and Management shall consult with the Joint Legislative Oversight Committee on Health and Human Services for review prior to implementing the changes. The report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

SECTION 11L.1.(f) Except as otherwise provided, the Department of Health and Human Services shall have flexibility to transfer funding between the Temporary Assistance for Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant so long as the total allocation for the line items within those block grants remains the same.

TEMPORARY ASSISTANCE FOR NEEDY FAMILIES (TANF) FUNDS

SECTION 11L.1.(g) The sum of eighty million ninety-three thousand five hundred sixty-six dollars ($80,093,566) for each year of the 2017-2019 fiscal biennium appropriated in this section in TANF funds to the Department of Health and Human Services, Division of Social Services, shall be used for Work First County Block Grants. The Division shall certify these funds in the appropriate State-level services based on prior year actual expenditures. The Division has the authority to realign the authorized budget for these funds among the State-level services based on current year actual expenditures. The Division shall also have the authority to realign appropriated funds from Work First Family Assistance for electing counties to the Work First County Block Grant for electing counties based on current year expenditures so long as the electing counties meet Maintenance of Effort requirements.

Counties shall maintain their level of expenditures in local funds for Child Protective Services workers. Of the Block Grant funds appropriated for Child Protective Services workers, the total expenditures from State and local funds for fiscal years 2017-2018 and 2018-2019 shall not be less than the total expended from State and local funds for the 2012-2013 fiscal year.

SECTION 11L.1.(i) The sum of two million twenty-six thousand eight hundred seventy-seven dollars ($2,026,877) appropriated in this section in TANF funds to the Department of Health and Human Services, Special Children Adoption Fund, for each fiscal year of the 2017-2019 fiscal biennium shall be used in accordance with G.S. 108A-50.2. Payments received from the Special Children Adoption Fund by participating agencies shall be used exclusively to enhance the adoption services program. No local match shall be required as a condition for receipt of these funds.

SECTION 11L.1.(j) The sum of one million four hundred thousand dollars ($1,400,000) appropriated in this section in TANF funds to the Department of Health and Human Services, Division of Social Services, for each fiscal year of the 2017-2019 fiscal biennium shall be used for child welfare initiatives to (i) enhance the skills of social workers to improve the outcomes for families and children involved in child welfare and (ii) enhance the provision of services to families in their homes in the least restrictive setting.

The Division shall certify these funds in the appropriate State-level services based on prior year actual expenditures. The Division has the authority to realign the authorized budget for these funds, as well as State Social Services Block Grant funds, among the State-level services based on current year actual expenditures.

SECTION 16D.4(b) G.S. 7B-1601 reads as rewritten:

"§ 7B-1601. Jurisdiction over delinquent juveniles.

(a) The court has exclusive, original jurisdiction over any case involving a juvenile who is alleged to be delinquent. For purposes of determining jurisdiction, the age of the juvenile at the time of the alleged offense governs.

(b) When the court obtains jurisdiction over a juvenile alleged to be delinquent for an offense committed prior to the juvenile reaching the age of 16 years, jurisdiction shall continue until terminated by order of the court or until the juvenile reaches the age of 18 years, except as provided otherwise in this Article.

(c) When delinquency proceedings for a juvenile alleged to be delinquent for an offense committed prior to the juvenile reaching the age of 16 years cannot be concluded before the juvenile reaches the age of 18 years, the court retains jurisdiction for the sole purpose of conducting proceedings pursuant to Article 22 of this Chapter and either transferring the case to superior court for trial as an adult or dismissing the petition.

(c1) When delinquency proceedings for a juvenile alleged to be delinquent for an offense committed while the juvenile was at least 16 years of age but less than 17 years of age cannot be concluded before the juvenile reaches the age of 19 years, the court retains jurisdiction for the sole purpose of dismissing the petition. When delinquency proceedings for a juvenile

(d) When the court has not obtained jurisdiction over a juvenile before the juvenile reaches the age of 18, for a felony and any related misdemeanors the juvenile allegedly committed on or after the juvenile’s thirteenth birthday and prior to the juvenile’s sixteenth birthday, the court has jurisdiction for the sole purpose of conducting proceedings pursuant to Article 22 of this Chapter and either transferring the case to superior court for trial as an adult or dismissing the petition.

(e) The court has jurisdiction over delinquent juveniles in the custody of the Division and over proceedings to determine whether a juvenile who is under the post-release supervision of the juvenile court counselor has violated the terms of the juvenile’s post-release supervision.

SECTION 16D.4.(c) G.S. 7B-1604(a) reads as rewritten:

"(a) Any juvenile, including a juvenile who is under the jurisdiction of the court, who commits a criminal offense on or after the juvenile’s sixteenth birthday but the juvenile has reached the age of 18 years is subject to prosecution as an adult. A juvenile who is emancipated shall be prosecuted as an adult for the commission of a criminal offense."

SECTION 16D.4.(d) G.S. 7B-2200 reads as rewritten:

"§ 7B-2200. Transfer of jurisdiction of a juvenile under the age of 16 to superior court.

After notice, hearing, and a finding of probable cause the court may, upon motion of the prosecutor or the juvenile’s attorney or upon its own motion, transfer jurisdiction over a juvenile to superior court if the juvenile was at least 13 years of age or older but less than 16 years of age at the time the juvenile allegedly committed an offense that would be a felony if committed by an adult. If the alleged felony constitutes a Class A felony and the court finds probable cause, the court shall transfer the case to the superior court for trial as in the case of adults."

SECTION 16D.4.(e) G.S. 7B-2506 reads as rewritten:

"§ 7B-2506. Dispositional alternatives for delinquent juveniles.

The court exercising jurisdiction over a juvenile who has been adjudicated delinquent may use the following alternatives in accordance with the dispositional structure set forth in G.S. 7B-2508:

(1) In the case of any juvenile under the age of 18 years who needs more adequate care or supervision or who needs placement, the judge may:

a. Require that a juvenile be supervised in the juvenile’s own home by the department of social services in the juvenile's county, a juvenile court counselor, or other personnel as may be available to the court, subject to conditions applicable to the parent, guardian, or custodian or the juvenile as the judge may specify; or

b. Place the juvenile in the custody of a parent, guardian, custodian, relative, private agency offering placement services, or some other suitable person; or

c. If the director of the county department of social services has received notice and an opportunity to be heard, place the juvenile in the custody of the department of social services in the county of his residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of a department of social services in
the county where the juvenile is found so that agency may return the
juvenile to the responsible authorities in the juvenile's home state. An
order placing a juvenile in the custody or placement responsibility of
a county department of social services shall contain a finding that the
juvenile's continuation in the juvenile's own home would be contrary
to the juvenile's best interest. This placement shall be reviewed in
accordance with G.S. 7B-906.1. The director may, unless otherwise
ordered by the judge, arrange for, provide, or consent to, needed
routine or emergency medical or surgical care or treatment. In the
case where the parent is unknown, unavailable, or unable to act on
behalf of the juvenile or juveniles, the director may, unless otherwise
ordered by the judge, arrange for, provide, or consent to, any
psychiatric, psychological, educational, or other remedial evaluations
or treatment for the juvenile placed by a judge or his designee in the
custody or physical custody of a county department of social services
under the authority of this or any other Chapter of the General
Statutes. Prior to exercising this authority, the director shall make
reasonable efforts to obtain consent from a parent, guardian, or
custodian of the affected juvenile. If the director cannot obtain
consent, the director shall promptly notify the parent, guardian, or
custodian that care or treatment has been provided and shall give the
parent, guardian, or custodian frequent status reports on the
circumstances of the juvenile. Upon request of a parent, guardian, or
custodian of the affected juvenile, the results or records of the
aforementioned evaluations, findings, or treatment shall be made
available to the parent, guardian, or custodian by the director unless
prohibited by G.S. 122C-53(d).

(2) Excuse the juvenile under the age of 16 years from compliance with the
compulsory school attendance law when the court finds that suitable
alternative plans can be arranged by the family through other community
resources for one of the following:
   a. An education related to the needs or abilities of the juvenile
      including vocational education or special education;
   b. A suitable plan of supervision or placement; or
   c. Some other plan that the court finds to be in the best interests of the
      juvenile.

…"

SECTION 16D.4. (f) G.S. 7B-2507 reads as rewritten:

"§ 7B-2507. Delinquency history levels.
(a) Generally. – The delinquency history level for a delinquent juvenile is determined
by calculating the sum of the points assigned to each of the juvenile’s prior adjudications or
convictions and to the juvenile’s probation status, if any, that the court finds to have been
proved in accordance with this section. For the purposes of this section, a prior adjudication is
an adjudication of an offense that occurs before the adjudication of the offense before the court.
(b) Points. – Points are assigned as follows:
   (1) For each prior adjudication of a Class A through E felony offense, 4 points.
   (2) For each prior adjudication of a Class F through I felony offense or Class A1
       misdemeanor offense, 2 points.
   (2a) For each prior conviction of a Class A through E felony, 2 points.
(2b) For each prior conviction of a Class F through I felony or Class A1 misdemeanor offense, excluding conviction of the motor vehicle laws, 2 points.

(2c) For each prior misdemeanor conviction of impaired driving (G.S. 20-138.1), impaired driving in a commercial vehicle (G.S. 20-138.2), and misdemeanor death by vehicle (G.S. 20-141.4(a2)), 2 points.

(3) For each prior adjudication of a Class 1, 2, or 3 misdemeanor offense, 1 point.

(3a) For each prior conviction of a Class 1, 2, or 3 misdemeanor offense, excluding conviction for violation of the motor vehicle laws, 1 point.

(4) If the juvenile was on probation at the time of offense, 2 points.

No points shall be assigned for a prior adjudication that a juvenile is in direct contempt of court or indirect contempt of court.

(c) Delinquency History Levels. – The delinquency history levels are:

(1) Low – No more than 1 point.

(2) Medium – At least 2, but not more than 3 points.

(3) High – At least 4 points.

In determining the delinquency history level, the classification of a prior offense is the classification assigned to that offense at the time the juvenile committed the offense for which disposition is being ordered.

(d) Multiple Prior Adjudications or Convictions Obtained in One Court Session. – For purposes of determining the delinquency history level, if a juvenile is adjudicated delinquent or convicted for more than one offense in a single session of district court, only the adjudication or conviction for the offense with the highest point total is used.

(e) Classification of Prior Adjudications or Convictions From Other Jurisdictions. – Except as otherwise provided in this subsection, an adjudication or conviction occurring in a jurisdiction other than North Carolina is classified as a Class I felony if the jurisdiction in which the offense occurred classifies the offense as a felony, or is classified as a Class 3 misdemeanor if the jurisdiction in which the offense occurred classifies the offense as a misdemeanor. If the juvenile proves by the preponderance of the evidence that an offense classified as a felony in the other jurisdiction is substantially similar to an offense that is a misdemeanor in North Carolina, the adjudication or conviction is treated as that class of misdemeanor for assigning delinquency history level points. If the State proves by the preponderance of the evidence that an offense classified as either a misdemeanor or a felony in the other jurisdiction is substantially similar to an offense in North Carolina that is classified as a Class I felony or higher, the adjudication or conviction is treated as that class of felony for assigning delinquency history level points. If the State proves by the preponderance of the evidence that an offense classified as a misdemeanor in the other jurisdiction is substantially similar to an offense classified as a Class A1 misdemeanor in North Carolina, the adjudication or conviction is treated as a Class A1 misdemeanor for assigning delinquency history level points.

(f) Proof of Prior Adjudications or Convictions. – A prior adjudication or conviction shall be proved by any of the following methods:

(1) Stipulation of the parties.

(2) An original or copy of the court record of the prior adjudication or conviction.

(3) A copy of records maintained by the Department of Public Safety or by the Division.

(4) Any other method found by the court to be reliable.

The State bears the burden of proving, by a preponderance of the evidence, that a prior adjudication or conviction exists and that the juvenile before the court is the same person as the
juvenile named in the prior adjudication or conviction. The original or a copy of the court records or a copy of the records maintained by the Department of Public Safety or of the Division, bearing the same name as that by which the juvenile is charged, is prima facie evidence that the juvenile named is the same person as the juvenile before the court, and that the facts set out in the record are true. For purposes of this subsection, "a copy" includes a paper writing containing a reproduction of a record maintained electronically on a computer or other data processing equipment, and a document produced by a facsimile machine. The prosecutor shall make all feasible efforts to obtain and present to the court the juvenile's full record. Evidence presented by either party at trial may be utilized to prove prior adjudications, adjudications or convictions, If asked by the juvenile, the prosecutor shall furnish the juvenile's prior adjudications or convictions to the juvenile within a reasonable time sufficient to allow the juvenile to determine if the record available to the prosecutor is accurate."

SECTION 16D.4.(g) G.S. 7B-2513(a) reads as rewritten:

"(a) Pursuant to G.S. 7B-2506 and G.S. 7B-2508, the court may commit a delinquent juvenile who is at least 10 years of age to the Division for placement in a youth development center. Commitment shall be for an indefinite term of at least six months.

(a1) In no event shall for an offense the juvenile committed prior to reaching the age of 16 years, the term not exceed:

(a3) For an offense the juvenile committed while the juvenile was at least 17 years of age, the term shall not exceed the juvenile's 20th birthday.

(a4) No juvenile shall be committed to a youth development center beyond the minimum six-month commitment for a period of time in excess of the maximum term of imprisonment for which an adult in prior record level VI for felonies or in prior conviction level III for misdemeanors could be sentenced for the same offense, except when the Division pursuant to G.S. 7B-2515 determines that the juvenile's commitment needs to be continued for an additional period of time to continue care or treatment under the plan of care or treatment developed under subsection (f) of this section. At the time of commitment to a youth development center, the court shall determine the maximum period of time the juvenile may remain committed before a determination must be made by the Division pursuant to G.S. 7B-2515 and shall notify the juvenile of that determination."

SECTION 16D.4.(h) G.S. 7B-2515(a) reads as rewritten:

"(a) In determining whether a juvenile who was committed prior to the juvenile reaching the age of 16 years should be released before the juvenile's 18th birthday, the Division shall consider the protection of the public and the likelihood that continued placement will lead to further rehabilitation. If the Division does not intend to release the juvenile who was committed
prior to the juvenile reaching the age of 16 years prior to the juvenile's eighteenth birthday, or if
the Division determines that the juvenile's commitment should be continued beyond the
maximum commitment period as set forth in G.S. 7B-2513(a), G.S. 7B-2513(a1), the Division
shall notify the juvenile and the juvenile's parent, guardian, or custodian in writing at least 30
days in advance of the juvenile's eighteenth birthday or the end of the maximum commitment
period, of the additional specific commitment period proposed by the Division, the basis for
extending the commitment period, and the plan for future care or treatment."

SECTION 16D.4.(i) G.S. 7B-2603(b) reads as rewritten:
"(b) Once an order of transfer has been entered by the district court, the juvenile has the
right to be considered for pretrial release as provided in G.S. 15A-533 and G.S. 15A-534. The

release, the court shall order that the juvenile be detained in a detention facility while awaiting
trial. The court may order the juvenile to be held in a holdover facility as defined by G.S.
7B-1501 at any time the presence of the juvenile is required in court for pretrial hearings or
trial, if the court finds that it would be inconvenient to return the juvenile to the detention
facility. Pending release, the juvenile shall be detained pursuant to G.S. 7B-2204."

adjudication that any juvenile is delinquent, undisciplined, abused, or neglected in order to
prosecute a parent or any person, including an employee of the Division of Juvenile Justice of
the Department of Public Safety under this section. An adjudication that a juvenile is
delinquent, undisciplined, abused, or neglected shall not preclude a subsequent prosecution of a

market value within a time period that is typical for properties not impacted

SECTION 34.13. Article 1 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-12.3. Outsourcing and project delivery reports.

(a) Intent. – It is the intent of the General Assembly to take all steps necessary to assist the Department of Transportation in accelerating project delivery and reducing costs incurred by the State. The General Assembly finds that shifting more control over projects to each of the Highway Divisions can assist in achieving this intent. Further, the General Assembly encourages each Highway Division to increase its outsourcing of preconstruction activities to private contractors to sixty percent (60%) of the total cost of preconstruction activities performed by the Highway Division, with the belief that increased outsourcing will also assist in achieving this intent. Therefore, in order to assess the results from shifting project control and increasing the use of outsourcing, and to determine what adjustments may be necessary to
improve upon the results, the General Assembly finds that reports are necessary to collect baseline data to establish appropriate targets.

(b) Outsourcing Report. – For each Highway Division, the Department shall provide a detailed biannual report on all payments made to private contractors for preconstruction activities. In order to compare internal costs incurred with payments made to private contractors, and except as otherwise provided in this subsection, the Department shall not include expenses incurred for central business units that support and oversee outsourcing functions. The information in the first report submitted under this subsection shall be used to establish a baseline to use for setting future preconstruction outsourcing targets. The Department shall submit the reports required under this subsection to the Joint Legislative Transportation Oversight Committee by September 1 and March 1 of each year.

(c) Project Delivery Report. – For each Highway Division, the Department shall provide a detailed annual report in accordance with the following requirements:

(1) The report shall detail the progress of the following types of projects in the State Transportation Improvement Program current for the period covered by the report:

a. Bridge projects with a cost in excess of ten million dollars ($10,000,000).

b. Right-of-way acquisition in progress.
c. Project let for construction.
d. Construction substantially complete and traffic using facility.

(3) For each project, and as applicable, the report shall include an indication and explanation for project stages that are delayed during the period covered by the report, and the delay has been for more than one year.

(4) For each project, the report shall include the planned and actual completion date for any required environmental documentation.

(5) The Department shall submit the report required under this subsection to the Joint Legislative Transportation Oversight Committee by March 1 of each year.

(d) Combined Report. – The Department may combine the reports required to be submitted by March 1 under subsections (b) and (c) of this section into a single report.

ALIGN DOT’S PROGRAM FOR PARTICIPATION BY DISADVANTAGED MINORITY-OWNED AND WOMEN-OWNED BUSINESSES WITH FEDERAL LAW

SECTION 34.15.(a) G.S. 136-28.4 reads as rewritten:

“§ 136-28.4. State policy concerning participation by disadvantaged minority-owned and women-owned businesses in transportation contracts.

... (b1) Based upon the findings of the Department’s 2014 study entitled “North Carolina Department of Transportation Disparity Study, 2014,” hereinafter referred to as “Study”, the program design shall, to the extent reasonably practicable, incorporate narrowly tailored remedies identified in the Study, and the Department shall implement a comprehensive antidiscrimination enforcement policy. As appropriate, the program design shall be modified by rules adopted by the Department that are consistent with findings made in the Study and in subsequent studies conducted in accordance with subsection (b) of this section. As part of this program, the Department shall review its budget and establish aspirational goals—a combined aspirational goal every three years, not a mandatory goal—in percentages, the form of a goal, for the overall participation in contracts by disadvantaged minority-owned and women-owned businesses. These aspirational goals—This aspirational goal for disadvantaged minority-owned and women-owned businesses shall be established consistent with federal methodology and they shall not be applied rigidly on specific contracts or projects. Instead, the Department shall establish contract-specific goals or project-specific goals for the participation of such firms in a manner consistent with availability of disadvantaged minority-owned and women-owned businesses, as appropriately defined by its most recent Study, for each disadvantaged minority-owned and women-owned business category that has demonstrated significant disparity in contract utilization. Nothing in this section shall authorize the use of quotas. Any program implemented as a result of the Study conducted in accordance with this section shall be narrowly tailored to eliminate the effects of historical and continuing discrimination and its impacts on such disadvantaged minority-owned and women-owned businesses without any undue burden on other contractors. The Department shall give equal opportunity for contracts it lets without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses otherwise qualified.

... (e) This section expires August 31, 2017.”

SECTION 34.15.(b) The Department of Transportation shall develop a plan to establish and implement the combined goal required under subsection (a) of this section. The Department shall submit its plan, including any legislative recommendations, to the Joint
 Legislative Transportation Oversight Committee by February 1, 2018. The Department shall implement its plan developed under this subsection by April 1, 2018.

SECTION 34.15.(c) G.S. 136-28.4(b1), as amended by subsection (a) of this section, becomes effective April 1, 2018. The remainder of this section is effective when it becomes law.

"DOT REPORT" PROGRAM REVISIONS

SECTION 34.16.(a) G.S. 136-18.05 reads as rewritten:

§ 136-18.05. Establishment of "DOT Report" Program.

... (b) Establishment and Components. – To achieve the intent set forth in subsection (a) of this section, the Department shall establish and implement the "DOT Report" Program (Program). The Program shall include the following components:

(1) Responsiveness. – The Department shall structure the Program to gather citizen input and shall commit to quickly addressing structural problems and other road hazards on State-maintained roads. Citizens may report potholes, drainage issues, culvert blockages, guardrail repairs, damaged or missing signs, malfunctioning traffic lights, highway debris, or shoulder damage to the Department of Transportation by calling a toll-free telephone number designated by the Department or submitting an online work request through a Web site link designated by the Department. Beginning January 1, 2016, upon receiving a citizen report in accordance with this subdivision, the Department shall either address the reported problem or identify a solution to the reported problem. Excluding potholes, which shall be repaired within two business days of the date the report is received, the Department of Transportation shall properly address (i) safety-related citizen reports no later than 10 business days after the date the report is received and (ii) non-safety-related citizen reports, including potholes, no later than 15 business days after the date the report is received. The Department shall determine, in its discretion, whether a citizen report is safety-related or non-safety-related. The Department shall transmit information received about potholes or other problems on roads not maintained by the State to the appropriate locality within two business days of receiving the citizen report. The Department shall provide a monthly report to all of the following on the number of citizen reports received under this subdivision for the month immediately preceding the monthly report, the number of citizen reports fully addressed within the time frames set forth in this subdivision for the month immediately preceding the monthly report, the number of citizen reports addressed outside of the time frames set forth in this subdivision for the month immediately preceding the monthly report, and the number of citizen reports not fully addressed for the month immediately preceding the report:

a. The Joint Legislative Transportation Oversight Committee.
c. The chairs of the House of Representatives Appropriations Committee on Transportation.
d. The chairs of the Senate Appropriations Committee on the Department of Transportation.

(1a) Efficiency. – The Department shall adopt procedures in all stages of the construction process to streamline project delivery, including consolidating environmental review processes, expediting multiagency reviews,
accelerating right-of-way acquisitions, and pursuing design build and other
processes to collapse project stages. By December 1, 2015, the Department
shall establish a baseline unit pricing structure for transportation goods used
in highway maintenance and construction projects and set annual targets for
three years based on its unit pricing. In forming the baseline unit prices and
future targets, the Department shall collect data from each Highway Division
on its expenditures on transportation goods during the 2015-2016 fiscal year.
Beginning January 1, 2016, no Highway Division shall exceed a ten percent
(10%) variance over a baseline unit price set for that year in accordance with
this subdivision. The Department of Transportation shall institute quarterly
tracking to monitor pricing variances. The ten percent (10%) maximum
variance set under this subdivision is intended to account for regional
differences requiring varying product mixes. If a Highway Division exceeds
the unit pricing threshold, the Department shall report to the Joint
Legislative Transportation Oversight Committee, the Fiscal Research
Division of the General Assembly, the chairs of the House of
Representatives Appropriations Committee on Transportation, and the chairs
of the Senate Appropriations Committee on the Department of
Transportation, no later than the fifteenth day following the end of the
quarter on why the variance occurred and what steps are being taken to bring
the Highway Division back into compliance. In order to drive savings, unit
pricing may be reduced annually as efficiencies are achieved.

a1. To organize and schedule, within three weeks of designer selection 
and before the design contract is let, a meeting of the stakeholders for

official inspector or inspection department for purposes of 
G.S. 143-143.2; and no such work may be accepted by the State or

(3) Develop procedures and reasonable limitations governing the use of open-end design agreements, subject to the approval of the State Building Commission.

(4) Use existing plans and specifications for construction projects, where feasible. Prior to designing a project, the Council and the Department shall consult with the Department of Administration on the availability of existing plans and specifications and the feasibility of using them for a project.

(b) The Council and Department shall use the standard contracts for design and construction currently in use for State capital improvement projects by the Office of State Construction of the Department of Administration.

(c) A contract may not be divided for the purpose of evading the monetary limit under this section.

If the market for a receipt cannot be determined, the state or states of assignment shall be reasonably approximated. In a case in which a taxpayer cannot ascertain the state or states to which receipts of a sale are to be assigned through the use of a method of reasonable approximation, the receipts must be excluded from the denominator of a taxpayer's sales factor. Except as otherwise provided by this section, a taxpayer's market for receipts is in this State as provided below:

(1) In the case of sale, rental, lease, or license of real property, if and to the extent the property is located in this State.

(2) Sales of tangible personal property are in this State if the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been completed shall be considered as the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State shall constitute delivery to the purchaser in this State. In the case of rental, lease, or license of tangible personal property, if and to the extent the property is located in this State.

(3) Other sales are in this State if: In the case of sale of tangible personal property, if and to the extent the property is received in this State by the purchaser. In the case of delivery of goods by common carrier or by other means of transportation, including transportation by the purchaser, the place at which the goods are ultimately received after all transportation has been
completed is considered the place at which the goods are received by the purchaser. Direct delivery into this State by the taxpayer to a person or firm designated by a purchaser from within or without the State constitutes delivery to the purchaser in this State.

a. The receipts are from real or tangible personal property located in this State; or
b. The receipts are from intangible property and are received from sources within this State; or
c. The receipts are from services and the income producing activities are in this State.

(4) In the case of sale of a service, if and to the extent the service is delivered to a location in this State.

(5) In the case of intangible property that is rented, leased, or licensed, if and to the extent the property is used in this State. Intangible property utilized in marketing a good or service to a consumer is "used in this State" if that good or service is purchased by a consumer who is in this State.

(6) In the case of intangible property that is sold, if and to the extent the property is used in this State. A contract right, government license, or similar intangible property that authorized the holder to conduct a business activity in a specific geographic area is "used in this State" if the geographic area includes all or part of this State. Receipts from a sale of intangible property that is contingent on the productivity, use, or disposition of the intangible property shall be treated as receipts from the rental, lease, or licensing of the intangible property as provided under subdivision (5) of this subsection. All other receipts from a sale of intangible property shall be excluded from the numerator and denominator of the sales factor.

(1) Banks. – A bank’s market for receipts is in this State as provided in G.S. 105-130.4A. For purposes of this section, the term "bank" has the same meaning as defined in G.S. 105-130.4A.

...."

SECTION 38.7.(b) Part 1 of Article 4 of Chapter 105 of the General Statutes is amended by adding a new section to read:

"§ 105-130.4A. Market-based sourcing for banks.

(a) Definitions. – The definitions in G.S. 105-130.4 apply to this section, and the following definitions apply to this section:

(b) General Rule. – The receipts factor of a bank is a fraction, the numerator of which is the total receipts of the taxpayer in this State during the income year, and the denominator of which is the total receipts of the taxpayer everywhere during the income year. The method of calculating receipts for purposes of the denominator is the same as the method used in determining receipts for purposes of the numerator. The receipts factor includes only those receipts described herein that are apportionable income for the taxable year. Notwithstanding
any other provision under this Part, the receipts from the following are excluded from both the
numerator and the denominator of the receipts factor:

(1) Receipts from a casual sale of property.
(2) Receipts exempt from taxation.
(3) The portion of receipts realized from the sale or maturity of securities or
other obligations that represents a return of principal.
(4) Receipts in the nature of dividends subtracted under G.S. 105-130.5(b)(3a)

cash flow traded in the swap agreement.

(c) Receipts From the Sale, Lease, or Rental of Real Property. – The numerator of the
receipts factor includes receipts from the sale, lease, or rental of real property owned by the
taxpayer if the property is located within this State or receipts from the sublease of real
property if the property is located within this State.

(d) Receipts From the Sale, Lease, or Rental of Tangible Personal Property. – The
method for calculating receipts from the sale, lease, or rental of tangible personal property is as
follows:

(1) Tangible personal property. – Except as provided in subdivision (2) of this
subsection, the numerator of the receipts factor includes receipts from the
sale, lease, or rental of tangible personal property owned by the taxpayer if
the property is located within this State when it is first placed in service by
the lessee.

(2) Transportation property. – Receipts from the lease or rental of transportation
property owned by the taxpayer are included in the numerator of the receipts
factor to the extent that the property is used in this State. The extent an
aircraft will be deemed to be used in this State and the amount of receipts
that is to be included in the numerator of this State's receipts factor is
determined by multiplying all the receipts from the lease or rental of the
aircraft by a fraction, the numerator of which is the number of landings of
the aircraft in this State, and the denominator of which is the total number of
landings of the aircraft. If the extent of the use of any transportation property
within this State cannot be determined, then the property will be deemed to
be used wholly in the state in which the property has its principal base of
operations. A motor vehicle will be deemed to be used wholly in the state in
which it is registered.

(e) Interest, Fees, and Penalties From Loans Secured by Real Property. – The
numerator of the receipts factor includes interest, fees, and penalties from loans secured by real
property if the property is located within this State. If the property is located both within this
State and one or more other states, the receipts described in this subsection are included in the
numerator of the receipts factor if more than fifty percent (50%) of the fair market value of the
real property is located within this State. If more than fifty percent (50%) of the fair market
value of the real property is not located within any one state, then the receipts described in this
subsection are included in the numerator of the receipts factor if the borrower is located in this
State. The determination of whether the real property securing a loan is located within this State
is made as of the time the original agreement was made, and any and all subsequent
substitutions of collateral are disregarded.

(f) Interest, Fees, and Penalties From Loans Not Secured by Real Property. – The
numerator of the receipts factor includes interest, fees, and penalties from loans not secured by
real property if the borrower is located in this State.
(g) Net Gains From the Sale of Loans. – The numerator of the receipts factor includes net gains from the sale of loans. Net gains from the sale of loans include income recorded under the coupon stripping rules of section 1286 of the Code. The amount of net gains from the sale of loans that is included in the numerator is determined as follows:

1. Secured by real property. – The amount of net gains, but not less than zero, from the sale of loans secured by real property is determined by multiplying the net gains by a fraction, the numerator of which is the amount included in the numerator of the receipts factor pursuant to subsection (e) of this section, and the denominator of which is the total amount of interest, fees, and penalties from loans secured by real property.

2. Not secured by real property. – The amount of net gains, but not less than zero, from the sale of loans not secured by real property is determined by multiplying the net gains by a fraction, the numerator of which is the amount included in the numerator of the receipts factor pursuant to subsection (f) of this section, and the denominator of which is the total amount of interest, fees, and penalties from loans not secured by real property.

(h) Receipts From Interest, Fees, and Penalties From Card Holders. – The numerator of the receipts factor includes interest, fees, and penalties charged to credit, debit, or similar card holders, including annual fees and overdraft fees, if the card holder is located in this State.

The receipts factor includes all ATM fees that are not forwarded directly to another bank. Receipts from ATM fees that are not sourced under this subsection are sourced pursuant to subsection (l) of this section.

(j) Net Gains From the Sale of Credit Card Receivables. – The numerator of the receipts factor includes net gains, but not less than zero, from the sale of credit card receivables multiplied by a fraction, the numerator of which is the amount included in the numerator of the receipts factor pursuant to subsection (h) of this section, and the denominator of which is the taxpayer's total amount of interest, fees, and penalties charged to card holders.

(k) Miscellaneous Receipts. – The numerator of the receipts factor includes all of the following:

1. Card issuer's reimbursement fees. – Receipts from card issuer's reimbursement fees if the payor is located in this State.

2. Receipts from merchant's discount. – Receipts from a merchant discount if the payor is located in this State.

3. Loan servicing fees. – Receipts from loan servicing fees if the payor is located in this State.

4. Receipts from services. – Receipts from services not otherwise apportioned under this section if the payor is located in this State.

5. Receipts from investment assets and activities and trading assets and activities. – Receipts from one or more of the following:
   a. Interest and dividends from investment assets and activities and trading assets and activities if the payor is located in this State.
   b. Net gains and other income, but not less than zero, from investment assets and trading assets and activities multiplied by a fraction, the numerator of which is the amount included in the numerator of the receipts factor pursuant to sub-subdivision a. of this subdivision, and the denominator of which is the taxpayer's total amount of interest and dividends from investment assets and activities and trading assets and activities.
All Other Receipts. – All other receipts not specifically enumerated in this section are included in the numerator of the receipts factor if the payor is located in this State.”
